Subject: VCP NW3070 Tosco Bainbridge Island Bulk Plant 1784
Date: Tuesday, April 13, 2021 10:56:16 AM

Hello De, Mike, and Emily:

Thank you for submitting the *Addendum to Remedial Investigation Work Plan, Former Tosco Bainbridge Bulk Plant 1784, dated January 15, 2021 (Work Plan Addendum)*, along with a Voluntary Cleanup Program (VCP) Opinion Request Form. In the interest of providing a response within the 90-day target, and facilitating your preparation for field work, Ecology is responding via this email rather than with an opinion letter.

Ecology concurs with the Work Plan Addendum and agrees that implementation of the planned sampling will support continued progress towards Site cleanup under the VCP. The efforts of your project team are much appreciated by Ecology.

Sincerely,

Michael R. (Mike) Warfel, LG, LHG, RG
