Hi Carolyn:

I reviewed your report on the *Sixth Quarterly Compliance Groundwater Monitoring Event* (dated January 25, 2022), and concur with eliminating sampling for naphthalenes and 1,4-dichlorobenzene in future groundwater monitoring events, including the event scheduled for this month.

I am currently reviewing the draft Environmental Covenant for this Site dated 2/10/22. Once I discuss my comments with our AAG, we will send our comments to you and the project team.

Mike
