Part 6–Project Description

6a. Briefly summarize the overall project. You can provide more detail in 6b. [\[help\]](#)

Relocation of Swan Island Sheet Metal from Portland into Clark County, Wa. This includes construction of a 40,000 sqft manufacturing/fabrication facility with a 5,000 sqft office area attached. They will need a travel path for semi trucks to drive around the building, parking for members, customers, a laydown yard, wetland isolation, and storm water infrastructure.

6b. Describe the purpose of the project and why you want or need to perform it. [\[help\]](#)

Moving from Portland to Clark County is paramount to their business, as it's getting harder to do business in Portland each year. We've done an alternatives analysis that shows this site being the only one in the Vancouver area that will accommodate their business requirements of freeway proximity, acreage, zoning, etc.
