

**Public Notice of Applications for State of Washington  
401 Water Quality Certification and/or Coastal Zone Management Act  
Federal Consistency**

**Public Notice Date:** December 1, 2022

**Comment Period Ends:** December 22, 2022

The Department of Ecology (Ecology) has received the applications listed below requesting a Section 401 of the Clean Water Act (CWA) and/or Coastal Zone Management Act (CZMA) federal consistency decision. Ecology is currently evaluating these projects to determine what Section 401 and/or federal consistency action may be required.

Pursuant to Section 401 of the CWA and CZMA, Ecology is requesting comments from the public, state and local agencies, tribes, and other interested parties regarding the impacts of each proposed activity. Conventional mail or e-mail comments on this public notice will be accepted and made part of the record. Please specify project name when submitting comments.

**1. Aquatics Id #: 141627**

**Project Name:** North 148th Non-Motorized Bridge

**Applicant:** Shoreline City of

**Project Location:** I-5 Right of Way adjacent to 14800 and 14738 1<sup>st</sup> Avenue NE in the City of Shoreline, King County

**Project Description:** Construct a pedestrian and bicycle bridge that will span I-5 in the vicinity of 1st Avenue NE and the Sound Transit Lynnwood Link Light Rail Extension Shoreline South/148th Street Station.

---

**2. Aquatics Id #: 141677**

**Project Name:** Milles Lake Dam Safety Repair

**Applicant:** WA Department of Fish and Wildlife

**Project Location:** On Frost Road in the City of Twisp, Okanogan County

**Project Description:** Upgrade the Milles Lake spillway to meet the Inflow Design Flood (IDF) with adequate freeboard as required by the WA State Dept. of Ecology Dam Safety Program. The existing spillway does not pass a 500-year flood event, and therefore is not suitable for extreme events.
