RE: Coastal Zone Federal Consistency for Corps Reference No. **202001012**,
Skokomish Dabob Lease, Jefferson County, Washington

Dear Joseph Pavel:

On April 15th, 2021, the Department of Ecology (Ecology) received a Certification of Consistency with the Washington State Coastal Zone Management Program (CZMP) for the above project.

This determination is for the proposed project to continue to lease this 50.3-acre property to protect and enhance cultural and subsistence resources as well as pursue commercial shellfish aquaculture. Plans include 6.4 acres on-bottom oyster culture, 1.3-acre bottom-attached bag culture for single oysters together on the same 1.3-acre Pacific oyster spat collecting bags, 3.3 acres Manila clam culture (netting) and gravelling to enhance the clam habitat, and a portion of the 6.4 acres for Olympia oyster restoration and enhancement. The Tribe also plans to use 1.3 acre of the parcel for wild oyster (Pacific oyster) catch seasonally to support enhancement of oysters on other beaches of Hood Canal.

This project is located on tidelands within Dabob Bay, Hood Canal Washington in Jefferson County.

Pursuant to Section 307(c)(3) of the Coastal Zone Management Act of 1972 as amended, Ecology concurs with Skokomish Dabob Lease determination that the proposed work is consistent with Washington's CZMP.

If you have any questions regarding Ecology's consistency decision, please contact Adam Sant at adam.sant@ecy.wa.gov.
