This is an Administrative Order requiring the Edmonds Project, LLC to comply with Chapter 90.48 RCW and the rules and regulations of the Department of Ecology (Ecology) by taking certain actions which are described below. RCW 90.48.120(1) authorizes Ecology to issue Administrative Orders requiring compliance whenever it determines that a person has violated or creates a substantial potential to violate any provision of Chapter 90.48 RCW.

On January 25, 2021, Ecology received a request to impact 1,740 ft<sup>2</sup> of non-federally regulated wetlands to construct the Edmonds Project Residential Redevelopment in Snohomish County. This project consists of a single-family residential units with associated infrastructure. The U.S. Army Corps of Engineers (Corps) issued its jurisdictional determination on January 5, 2021. The site is located at 8601 231st Street SW, Section 31, Township 27N, Range 4E, Snohomish County, in WRIA 8.

This Administrative Order authorizes 1,740 ft<sup>2</sup> of Category IV wetland impacts at the project location. Offsite mitigation for this proposal will consist of purchasing 2,219 ft<sup>2</sup> (0.051 acre) credits at the Keller Farm Mitigation Bank.
