RE: Water Quality Certification Order No. **19992** for Corps Reference No. **200701451**,
Wiegardt Carole Katzer Shellfish Farm, Pacific County, Washington

Dear Ken Wiegardt:

On January 8, 2021, Wiegardt & Sons Inc. submitted a request for a Section 401 Water Quality Certification (WQC) under the federal Clean Water Act for the Wiegardt Carole Katzer Shellfish Farm located on tidelands within Willapa Bay, near Ocean Park, Pacific County, Washington.

On behalf of the state of Washington, the Department of Ecology certifies that the work described in the Joint Aquatic Resource Permit Application (JARPA) and the public notice complies with applicable provisions of Sections 301, 302, 303, 306, and 307 of the Clean Water Act, as amended, and applicable state laws. This certification is subject to the conditions contained in the enclosed Order.

Please ensure that anyone doing work under this Order has read, is familiar with, and is able to follow all of the provisions within the attached Order.

If you have any questions about this decision, please contact Marco Pinchot by e-mail at marco.pinchot@ecy.wa.gov. The enclosed Order may be appealed by following the procedures described within the Order.

Sincerely,

A handwritten signature in blue ink, appearing to read "Brenden", is written over a horizontal line.

Brenden McFarland, Section Manager

IN THE MATTER OF GRANTING A) ORDER No. 19992
WATER QUALITY) Corps Reference No. 200701451
CERTIFICATION TO) Wiegardt Carole Katzer Shellfish Farm located
Wiegardt & Sons Inc.) on tidelands within Willapa Bay near Ocean
pursuant to 33 U.S.C. 1341 (FWPCA) Park, Pacific County, Washington
§ 401), RCW 90.48.120, RCW 90.48.260)
and Chapter 173-201A WAC)

Wiegardt & Sons, Inc.
Attn: Ken Wiegardt
PO Box 309
Ocean Park, WA 98640

On January 8, 2021, Wiegardt & Sons Inc. submitted a request for a Section 401 Water Quality Certification (WQC) under the federal Clean Water Act for the Wiegardt Carole Katzer Shellfish Farm, Pacific County, Washington. The Department of Ecology (Ecology) issued a public notice for the project on April 21, 2021.

This project proposes to continue to operate 60 acres of on bottom oyster culture and 11 acres fallow shellfish culture. On bottom oysters are produced through both natural recruitment and hatchery produced seed. For natural recruitment, the bed will be lightly frosted with clean oyster shell that has been aged for a minimum of 90 days. Frosting will occur when there is oyster larvae present in the water column and mature oysters have been previously removed from the bed. Frosting typically happens in July/August. Frosting with oyster shell will occur every 3 to 5 years. Hatchery produced seed is planted after the mature oysters have been removed. Oysters are harvested every 2 to 5 years depending on oyster density and growth. Harvest is done by dredging (up to 15 acres per year) and by hand harvest at low tide.

The project site is located on tidelands within Willapa Bay on parcel number 79003000089, near Ocean Park, Pacific County, Washington; Section 25, 30, 31, 36, Township 12N, Range 10W, 11W; WRIA 24, Willapa Watershed.

With this Order, Ecology is granting Wiegardt & Sons Inc.'s request for a Section 401 Water Quality Certification for the Wiegardt Carole Katzer Shellfish Farm project, provided that the activity is conducted in accordance with the Section 401 Water Quality Certification request and attachments Ecology received on January 8, 2021, and the following supporting documentation:

1. E-mail letter to Ecology dated February 12, 2021, regarding the project's compliance with the conservation measures associated with the "Programmatic Biological Opinions for Shellfish Activities in Washington State Inland Marine Waters" (U.S. Fish and Wildlife Service (USFWS) Reference Number 01EWF00-2016-F-0121, National Marine Fisheries Service (NMFS) Reference Number WCR-2014-1502). This email also includes a description of Wiegardt & Sons Inc. water quality monitoring plan.

Based on the information submitted, Ecology has determined that the discharge from the project will comply with state water quality requirements. Prior to undertaking any changes that materially alter the project, Wiegardt & Sons Inc. must contact Ecology to determine whether a new Section 401 Water Quality Certification is required.

Issuance of this Section 401 Water Quality Certification for this proposal does not authorize Wiegardt & Sons Inc. to exceed applicable state water quality standards (Chapter 173-201A WAC), ground water quality standards (Chapter 173-200 WAC) or sediment quality standards (Chapter 173-204 WAC). Furthermore, nothing in this Section 401 Water Quality Certification absolves the Applicant from liability for contamination and any subsequent cleanup of surface waters, ground waters, or sediments resulting from project construction or operations.

Special Condition:

Any work that causes distressed or dying fish or discharges of oil, fuel, or other chemicals into state waters or onto land with a potential for entry into state waters is prohibited¹. If such work, conditions, or discharges occur, immediately notify² Ecology's Regional Spill Response Office at 360-407-6300 and the Washington State Department of Fish & Wildlife with the nature and details of the problem, any actions taken to correct the problem, and any proposed changes in operation to prevent further problems. You will also need to notify the Washington Emergency Management Division³ at 1-800-258-5990, for actual spills to water only. This condition is necessary to prevent oil and hazardous materials spills from causing environmental damage and to ensure compliance with water quality requirements. The sooner a spill is reported, the quicker it can be addressed, resulting in less harm.

In view of the foregoing and in accordance with 33 U.S.C. §1341, RCW 90.48.120, RCW 90.48.260 Chapter 173-200 WAC and Chapter 173-201A WAC, this WQC is granted to the Wiegardt & Sons Inc., Wiegardt Carole Katzer Shellfish Farm project.

This Certification is not effective until the U.S. Corps of Engineers (Corps) Seattle District issues an individual Department of the Army (DA) permit for this project. Order No. **19992** will remain valid for the duration of the associated DA permit. Wiegardt & Sons Inc. should send a copy of the final DA permit to fednotification@ecy.wa.gov within two weeks of receiving it.

YOUR RIGHT TO APPEAL

You have a right to appeal this Order to the Pollution Control Hearing Board (PCHB) within 30 days of the date of receipt of this Order. The appeal process is governed by Chapter 43.21B RCW and Chapter 371-08 WAC. "Date of receipt" is defined in RCW 43.21B.001(2).

To appeal you must do both of the following within 30 days of the date of receipt of this Order:

¹ RCW 90.48

² WAC 173-303-145

³ RCW 90.56.280

- File your appeal and a copy of this Order with the PCHB (see addresses below). Filing means actual receipt by the PCHB during regular business hours.
- Serve a copy of your appeal and this Order on Ecology in paper form by mail or in person. (See addresses below.) E-mail is not accepted.

You must also comply with other applicable requirements in Chapter 43.21B RCW and Chapter 371-08 WAC.
