RE: Coastal Zone Consistency for Corps Reference #NWS-2019-703-WRD,  
Waterfront Park and Pier 63 Reconstruction, Seattle, King County, Washington

Dear David Graves:

On May 27, 2020, Seattle Parks and Recreation submitted a Certification of Consistency with the Washington State Coastal Zone Management Program (CZMP). On October 23, 2020, Seattle Parks and Recreation and Ecology agreed to stay the CZM until March 31, 2021. A second stay was agreed to on February 16, 2021, extending the review period until September 30, 2021. On September 10, 2021, a third stay was agreed to, extending the review period until December 15, 2021. A fourth stay was agreed to on November 18, 2021, extending the review period until February 28, 2022.

This determination is for removal and reconstruction of Waterfront Park (Pier 58), removal of Pier 63, and enhancement of previously installed habitat features at the Seattle waterfront. These activities would be located at two sites:

1. Waterfront Park (Pier 58): 1401 Alaskan Way, in Seattle, King County; and
2. Pier 63: 1951 Alaskan Way, in Seattle, King County.

Pursuant to Section 307(c)(3) of the Coastal Zone Management Act of 1972 as amended, Ecology concurs with Seattle Parks and Recreation's determination that the proposed work is consistent with Washington's CZMP.

If you have any questions regarding Ecology's consistency determination please contact Rebekah Padgett at (425) 649-7129.
