RE: Coastal Zone Consistency for Corps Reference No. **NWS-2020-260**  
Washington Park Boat Launch Maintenance & Beach Nourishment in the  
City of Anacortes, Skagit County, Washington

Dear John Lunsford:

On December 20, 2021, The Department of Ecology received a Certification of Consistency with the Washington State Coastal Zone Management Program (CZMP) for the above project.

This determination is for clearing sand, rock, and woody debris that accumulate on a concrete boat ramp (~40' x 100'). The volume of material being removed at any given time is approximately 120 cubic yards and it will be placed back on the beach to the east of the ramp waterward of the ordinary high water mark (OHWM). All equipment will operate from the ramp when removing material and then above the OHWM during beach placement. This project is located at 6300 Sunset Ave on Guemes Channel within the City of Anacortes in Skagit County, Washington.

Pursuant to Section 307(c) (3) of the Coastal Zone Management Act of 1972 as amended, Ecology concurs with the City of Anacortes's determination that the proposed work is consistent with Washington's CZMP.

If you have any questions regarding Ecology's consistency determination please contact Penny Kelley at (360) 280-8856.
