RE: Coastal Zone Consistency for Corps Reference #NWS-2019-963,
Brierwood Park Stormwater Pond Retrofit Project, Brier, Snohomish County,
Washington

Dear Mayor Dale Kaemingk:

On March 3, 2022, the Department of Ecology received a Certification of Consistency with the Washington State Coastal Zone Management Program (CZMP) for the above project.

This decision is for the retrofit of an existing stormwater retention pond to improve surface water detention and treatment before it discharges to Scriber Creek. This involves excavating accumulated sediment deposits in the pond, constructing vegetated bio-retention cells, removing invasive and some native vegetation, and reestablishing the pond outlets and overflow structures.

The project site is located near 2655 Elm Drive in Brierwood Park, City of Brier, wetlands, in Brier, Washington, in Snohomish County.

Pursuant to Section 307(c)(3) of the Coastal Zone Management Act of 1972 as amended, Ecology concurs with City of Brier's determination that the proposed work is consistent with Washington's CZMP.

If you have any questions regarding Ecology's consistency decision please contact Rebekah Padgett at (425) 365-6571.
