RE: Coastal Zone Consistency for Cathodic Protection System 492 Installation Project (140509) Snohomish County, Washington

Dear Ms. Harris:

On May 25, 2022, The Department of Ecology (Ecology) received a Certification of Consistency with the Washington State Coastal Zone Management Program (CZMP) for the above project.

This determination is for temporary impacts to .05 acres of wetland to install additional cathodic protection on the existing pipeline system, a 20-inch North Seattle 2428 mainline lateral and 16-inch 2448 loop line. These improvements would be located within and south of Northwest's existing North Seattle Meter Station at 12426 Elliott Road in Snohomish, Washington in Snohomish County.

Pursuant to Section 307(c)(3) of the Coastal Zone Management Act of 1972 as amended, Ecology concurs with Williams/Northwest Pipeline's determination that the proposed work is consistent with Washington's CZMP.

If you have any questions regarding Ecology's consistency determination please contact Kerry Carroll at (360) 407-7503.
