Re: Coastal Zone Consistency for Oakland Bay Marina Improvements and Boat Launch  
Improvements, Corps No. 202100668, Mason County, Washington

Dear Dave Mariano:

On November 19, 2021, the Department of Ecology (Ecology) received a Certification of Consistency with the Washington State Coastal Zone Management Program (CZMP) for the above project.

On April 12, 2022, the Shelton Yacht Club and Ecology agreed to stay the CZM until December 31, 2022, in order for the Applicant to allow time for the applicant to obtain the 401 Water Quality Certification and the shoreline permits.

This determination is for the repair and reconstruct the existing marina, boat launch, marine vessel haul out-maintenance facility, and supporting upland facilities; to provide for shoreline habitat restoration and repairs; to construct a new breakwater (A-Dock); to reconstruct and extend the existing north dock (B-Dock); to relocate and reconfigure the existing south dock (C-Dock); and to construct a new D-Dock.

These improvements would be located at the Oakland Bay Marina, Oakland Bay, Washington in Mason County.

Pursuant to Section 307(c)(3) of the Coastal Zone Management Act of 1972 as amended, Ecology concurs with Shelton Yacht Club's determination that the proposed work is consistent with Washington's CZMP.

If you have any questions regarding Ecology's consistency determination, please contact Laura Inouye at (360) 515-8213.
