RE: Coastal Zone Consistency for Corps Reference No. **NWS-2022-132-WRD**,
43rd Avenue SE Corridor Improvements Project, Snohomish County, Washington

Dear Troy Fields:

On May 19, 2022, the Department of Ecology received a Certification of Consistency with the Washington State Coastal Zone Management Program (CZMP) for the above project.

This decision is for construction of arterial improvements to approximately 1.7 miles of 43rd Avenue SE to upgrade the existing roadway section to rural arterial standards. This will reduce travel times, improve safety, improve intersection operations, and promote multi-modal mobility throughout the corridor. Improvements to 43rd Avenue SE include adding turn lanes, traffic signals, planting strips, sidewalks, curb and gutter, and retaining walls in appropriate areas. Storm water collection and detention systems are proposed throughout the entire alignment.

The project is located along 1.7 miles of 43rd Avenue SE from SR524 to Sunset Road and 180th Street SE, Bothell, Washington in Snohomish County.

Pursuant to Section 307(c)(3) of the Coastal Zone Management Act of 1972 as amended, Ecology concurs with Snohomish County Public Works' determination that the proposed work is consistent with Washington's CZMP.

If you have any questions regarding Ecology's consistency decision please contact Doug Gresham at (425) 429-1846 or Doug.Gresham@ecy.wa.gov.
