Re: Water Quality Certification Order No. **22618** (Corps No. **NWS-2023-639**), Tributary to Perry Creek Restoration, Thurston County, Washington

Dear Halli Baumann:

On December 18, 2023, Northwest Pipeline LLC (Halli Baumann) submitted a request for a Section 401 Water Quality Certification (WQC) under the federal Clean Water Act for the Tributary to Perry Creek Restoration, Thurston County, Washington.

On behalf of the state of Washington, the Department of Ecology certifies with conditions that the work described in the Water Quality Certification Request and supplemental documents complies with applicable provisions of Sections 301, 302, 303, 306, and 307 of the Clean Water Act, as amended, and applicable state laws. **This certification is subject to the enclosed Water Quality Certification Order (WQC Order).**

Please ensure that anyone doing work under this WQC Order has read, is familiar with, and is able to follow all the provisions within the attached WQC Order.

If you have any questions about this decision, please contact Kerry Carroll at (360) 791-0575. The enclosed WQC Order may be appealed by following the procedures described within.

Sincerely,

Brenden McFarland, Section Manager
Environmental Review and Transportation Section
Shorelands and Environmental Assistance Program

**In The Matter of Granting a Water Quality
Certification with Conditions to Northwest Pipeline LLC (Halli Baumann)
pursuant to 33 U.S.C. 1341 (FWPCA § 401), RCW 90.48.120, RCW
90.48.260 and Chapter 173-201A WAC**

Northwest Pipeline LLC

Salt Lake City, UT 84108

WQC Order No.	22618
Corps Reference No.	NWS-2023-639
Site Location	Tributary to Perry Creek Restoration Project located within an unnamed tributary to Perry Creek near Olympia, Thurston County, Washington.

Northwest Pipeline LLC (Halli Baumann) submitted a request for a Section 401 Water Quality Certification (WQC) under the federal Clean Water Act for the Tributary to Perry Creek Restoration Project, Thurston County, Washington. The following required processing dates are listed below:

- On 8/18/2023, the Northwest Pipeline LLC (Halli Baumann) submitted a pre-filing meeting request.
- On 12/18/2023, Ecology received a request for Clean Water Section 401 Water Quality Certification.
- On 12/21/2023, Ecology issued a public notice for the project.
- On 2/13/2024, the U.S. Army Corps of Engineers (Corps) sent an email notification to Ecology that they are reviewing the project for authorization under the Nationwide Permit (NWP) Program.

This project is proposing line lowering activities to address the current exposure of approximately 6 feet of the existing 8-inch McCleary Lateral (mainline) at a crossing of an unnamed tributary stream to Perry Creek.

The project site is located near Olympia, tributary to Perry Creek, Thurston County, Washington, Section 20, Township 18 N., Range 3 W., within Water Resource Inventory Area (WRIA) 14 Kennedy-Goldsborough.

With this WQC Order, Ecology is granting with conditions Northwest Pipeline LLC's (Halli Baumann) request for a Section 401 Water Quality Certification for the Tributary to Perry Creek Restoration project, provided that the activity is conducted in accordance with the Section 401

Water Quality Certification request and attachments Ecology received on 12/18/2023, and the following supporting documentation:

1. Revised project drawings received February 19, 2024.
2. Revised Joint Aquatic Resources Permit Application (JARPA) received March 11, 2024.
3. Revised Biological Evaluation received March 11, 2024.
4. Revised Water Quality Monitoring and Protection plan received April 12, 2024.

Based on the information submitted, Ecology has determined that the discharge from the project will comply with state water quality requirements. Prior to undertaking any changes that materially alter the project, Northwest Pipeline LLC (Halli Baumann) must contact Ecology to determine whether a new Section 401 Water Quality Certification is required.

Issuance of this Section 401 Water Quality Certification for this proposal does not authorize Northwest Pipeline LLC (Halli Baumann) to exceed applicable state water quality standards (Chapter 173-201A WAC), ground water quality standards (Chapter 173-200 WAC), or sediment quality standards (Chapter 173-204 WAC). Furthermore, nothing in this Section 401 Water Quality Certification absolves the Applicant from liability for contamination and any subsequent cleanup of surface waters, ground waters, or sediments resulting from project construction or operations.

Conditions:

1. This Certification is not effective until the U.S. Corps of Engineers (Corps) Seattle District issues a Department of the Army (DA) permit for this project. WQC Order No. 22618 will remain valid for the duration of the associated Corps permit for the project.
 - Justification – Certifications are required for any license or permit that authorizes an activity that may result in a discharge or fill material into waters. This WQC Order is not valid until the Federal agency issues a permit. Additionally, Ecology needs to be able to specify how long the WQC Order will be in effect.
 - Citation – Chapter 90.48 RCW, Chapter 173-201A WAC, and WAC 173-225-010.
2. The Project Proponent shall send a copy of the final Federal permit via e-mail to fednotification@ecy.wa.gov and cc to Federal Permit Manager prior to the starting of any work authorized by this WQC Order.
 - Justification - This condition is needed to ensure that the federal permit has been issued and all the conditions of the WQC Order have been included into the federal permit.
 - Citation - 40 CFR 121.10, 40 CFR 121.11, and Chapter 90.48 RCW.

3. To transfer this WQC Order to a new owner or operator the Project Proponent shall:

- a. Complete a Request for Transfer of Order with a specific transfer date of the WQC Order's obligations, coverage, and liability and submit it to Ecology to fednotification@ecy.wa.gov and cc to Federal Permit Manager. Link to form: <https://apps.ecology.wa.gov/publications/SummaryPages/ECY070695.html>;
- b. Provide a copy of this WQC Order to the new owner or operator; and
- c. The transfer is not considered valid until the Project Proponent receives written notification from Ecology that the transfer has been approved.
 - Justification – Ecology has independent state authority to ensure protection of state water quality. Ecology needs to ensure that anyone conducting work at the project, including any new owners or operators, are aware of and understand the required conditions of this WQC Order to ensure compliance with the water quality standards and other applicable state laws.
 - Citation – 40 CFR 121.5, Chapter 90.48 RCW, RCW 90.48.030, Chapter 173-201A WAC, and WAC 173-225-010.

In view of the foregoing and in accordance with 33 U.S.C. §1341, RCW 90.48.120, RCW 90.48.260 Chapter 173-200 WAC and Chapter 173-201A WAC, this WQC is granted with conditions to the Northwest Pipeline LLC (Halli Baumann) for the Tributary to Perry Creek Restoration project.

Your right to appeal

You have a right to appeal this Order to the Pollution Control Hearings Board (PCHB) within 30 days of the date of receipt. The appeal process is governed by Chapter 43.21B RCW and Chapter 371-08 WAC. "Date of receipt" is defined in RCW 43.21B.001(2).

To appeal, you must do all of the following within 30 days of the date of receipt of this Order:

- File your notice of appeal and a copy of this Order with the PCHB (see filing information below). "Filing" means actual receipt by the PCHB during regular business hours as defined in WAC 371-08-305 and -335. "Notice of appeal" is defined in WAC 371-08-340.
- Serve a copy of your notice of appeal and this Order on the Department of Ecology mail, in person, or by email (see addresses below).

You must also comply with other applicable requirements in Chapter 43.21B RCW and Chapter 371-08 WAC.
