Re: Coastal Zone Management Federal Consistency Decision for Tributary to Perry Creek Restoration (Corps No. **NWS-2023-639**), in an unnamed tributary to Perry Creek near Olympia, Thurston County, Washington

Dear Halli Baumann:

On February 13, 2024, the Department of Ecology (Ecology) received a Certification of Consistency with the Washington State Coastal Zone Management Program (CZMP) for the above project. Pursuant to Section 307(c)(3) of the Coastal Zone Management Act of 1972 as amended, Ecology concurs with Northwest Pipeline LLC's determination that the proposed work is consistent with Washington's CZMP.

This project is proposing line lowering activities to address the current exposure of approximately 6 feet of the existing 8-inch McCleary Lateral (mainline) at a crossing of an unnamed tributary stream to Perry Creek.

The project site is located near Olympia, in a tributary to Perry Creek, Thurston County, Washington.

If you have any questions regarding Ecology's decision, please contact Kerry Carroll at 360-791-0575.
