Re: Coastal Zone Management Federal Consistency Decision for Cape Disappointment State Park Culvert Replacement (Corps No. **NWS-2022-0485**), in wetlands, Ilwaco, Pacific County, Washington

Dear Hannah JB Ross:

On February 23, 2024, the Department of Ecology (Ecology) received a Certification of Consistency with the Washington State Coastal Zone Management Program (CZMP) for the above project. Pursuant to Section 307(c)(3) of the Coastal Zone Management Act of 1972 as amended, Ecology concurs with Washington State Parks and Recreation's determination that the proposed work is consistent with Washington's CZMP.

This project proposes to discharge up to 1,000 cubic yards of road grade fill within 0.33 acre of Wetland A to replace two existing culverts and expand Fort Canby Road. The West culvert would be replaced with a 12 feet wide by 5 feet tall by 30 feet long concrete box culvert and the East culvert would be replaced with an 18 feet wide by 8 feet tall by 31 feet long concrete box culvert. The existing road measures 21 feet wide and would be expanded on the West to 26 feet wide and 32 feet wide on the East to include a concrete pedestrian path. The pedestrian path would be approximately 1,000 feet long by 5 feet wide and would connect the O'Neil Lake Campground in the eastern portion of the park with the North Head Trail.

The project site is located within wetlands at 244 Robert Gray Drive, Ilwaco, Pacific County, Washington.
