Re: Coastal Zone Management Federal Consistency Decision for Klock Property Skykomish Oxbow Restoration (**Corps No. NWS-2021-37**), Skykomish River, Snohomish County, Washington

Dear Robert Wolford:

On July 2, 2024, the Department of Ecology (Ecology) received a Certification of Consistency with the Washington State Coastal Zone Management Program (CZMP) for the above project. Pursuant to Section 307(c)(3) of the Coastal Zone Management Act of 1972 as amended, Ecology concurs with Bobby Wolford Trucking & Demolition, Inc.'s determination that the proposed work is consistent with Washington's CZMP.

The proposed work involves restoring the hydrologic connection to an oxbow of the Skykomish River, reconnect and restore the natural stream flow of a small tributary stream on the site, and restore connection with the wetlands located on the project site. This will be accomplished by removing approximately 12,093 cubic yards of fill from wetlands and waters and approximately 31,693 cubic yards of fill from uplands; recontouring the land; removing culverts; and constructing at-grade crossings, channel daylighting, and riparian plantings.

The project site is located at 25231 Ben Howard Road, along the Skykomish River, Snohomish County, Washington, Section 3, Township 27 North, Range 7 East, within Water Resource Inventory Area (WRIA) 07 – Snohomish.

If you have any questions regarding Ecology's decision, please contact Doug Gresham at 425-429-1846.
