Re: Coastal Zone Management Federal Consistency Decision for Union Slough Levee
Rehabilitation, Snohomish County, Washington

Dear Mary Bacon:

On September 16, 2024, the U.S. Army Corps of Engineers, Seattle District, submitted a Consistency Determination with the Washington State Coastal Zone Management Program (CZMP). Ecology issued a 21-day public notice on September 26, 2024, and received no comments.

The proposed activity includes repairing the Union Slough levee to its pre-damaged level of protection within its pre-damaged footprint. The repair will rehabilitate the 2H:1V slope, reestablish rock armor, and be constructed to current U.S. Army Corps of Engineers standards. The project is located at the Union Slough Levee at the State Route 529 bridge within the Snohomish River and estuarine wetlands, Everett, Snohomish County, Washington.

Pursuant to Section 307(c)(3) of the Coastal Zone Management Act of 1972 as amended, Ecology concurs with the U.S. Army Corps of Engineers' determination that the proposed work is consistent with Washington's CZMP.

If you have any questions regarding Ecology's decision, please contact Jessica Hausman at jessica.hausman@ecy.wa.gov.
