Re: Section 401 Water Quality Certification Denial without Prejudice, Order No. 23332, (Corps No. NWS-2024-303), Ash Grove Cement Company Maintenance Dredge and Shoreline Material Recovery, King County, Washington

Dear Marty Johnson:

On 4/2/2024, the Department of Ecology (Ecology) received a request for a Section 401 Water Quality Certification for the above-referenced project. Ecology has one year from the Section 401 Water Quality Certification request to issue its decision.

At this time Ecology has not received the necessary information needed to assure that the discharges from the project will meet state water quality laws and requirements. Therefore, pursuant to Section 401 of the Clean Water Act, Chapter 90.48 RCW, and Chapter 173-201A WAC, Ecology is denying without prejudice Ash Grove Cement Company's request for a Section 401 Water Quality Certification. Receipt of a denial without prejudice does not preclude you from submitting a new request for a Section 401 Water Quality Certification at a later date.

If you have any questions, please contact Laura Inouye at 360-515-8213. The Enclosed Order may be appealed by following the procedures described in the Order.

Sincerely,

Loree' Randall, Section Manager

WQC Order No.	23332
Corps Reference No.	NWS-2024-303
Site Location	Ash Grove Cement Company Maintenance Dredge and Shoreline Material Recovery located within the Lower Duwamish Waterway, Seattle, King County, Washington.

On 4/2/2024, the Department of Ecology (Ecology) received a request for a Section 401 Water Quality Certification (WQC) for the above-referenced project. Ecology has one year from the receipt of the request for a WQC to issue its decision.

On 3/21/2025, Ecology sent you an email explaining that we needed the SEPA decision in order to issue the 401 WQC.

Without this information, there is not reasonable assurance that the project will meet state water quality laws. With the statutory deadline approaching, Ecology must deny the WQC at this time. Therefore, pursuant to Section 401 of the Clean Water Act, Chapter 90.48 RCW and Chapter 173-201A WAC, Ash Grove Cement Company's request for a WQC is denied without prejudice.

Receipt of a denial without prejudice does not preclude you from submitting the information identified above with a new request for a WQC at a later date.
