Re: Coastal Zone Management Federal Consistency Decision for Ediz Hook Revetment
Maintenance, Port Angeles Harbor, Port Angeles, Clallam County, Washington

Dear Zachary Wilson:

On March 20, 2025, the U.S. Army Corps of Engineers, Seattle District, submitted a Consistency Determination with the Washington State Coastal Zone Management Program (CZMP). Ecology issued a 21-day public notice on April 9, 2025, and received no comments.

The proposed activity includes maintenance and repair activities within the authorized footprint of the Ediz Hook Revetment to provide beach erosion control to Ediz Hook and preserve navigation and recreation facilities. The project is located on the outer bank of Ediz Hook in Port Angeles, Clallam County, Washington.

Pursuant to Section 307(c)(3) of the Coastal Zone Management Act of 1972 as amended, Ecology concurs with the U.S. Army Corps of Engineers' determination that the proposed work is consistent with Washington's CZMP.

If you have any questions regarding Ecology's decision, please contact Jessica Hausman at jessica.hausman@ecy.wa.gov.
