Certification with Conditions to

<b>WQC Order No.</b>	23800
<b>Corps Reference No.</b>	NWS-2022-258
<b>Site Location</b>	Meadowood East located within Wetlands A and B, near Granite Falls, Snohomish County, Washington.

Robinett Investment Company, LLC (Marty Robinett) submitted a request for a Section 401 Water Quality Certification (WQC) under the federal Clean Water Act for Meadowood East, Snohomish County, Washington. The required processing dates are listed below:

- On 4/7/2025, the Robinett Investment Company, LLC (Marty Robinett) submitted a pre-filing meeting request.
- On 5/22/2025, Ecology received a request for Clean Water Section 401 Water Quality Certification.
- On 6/2/2025 the U.S. Army Corps of Engineers (Corps) sent an email notification to Ecology that they are reviewing the project for authorization under the Nationwide Permit (NWP) Program.
- On 6/13/2025, Ecology issued a public notice for the project.
- Ecology's "Reasonable Period of Time" for this project has been established as 11/29/2025.

The applicant is proposing a 13-lot residential subdivision with a public access road, stormwater features, and associated infrastructure. The existing access driveway (147th Ave NE) and two existing structures will be demolished. A new public road is required by Snohomish County to connect the north end of 146th Avenue NE with the south end of 144th Avenue NE. Construction of residential lots and the new roadway will require filling a portion of Wetland A (1,703 ft<sup>2</sup>) and Wetland B (1,124 ft<sup>2</sup>). Mitigation for wetland impacts is proposed through the purchase of 0.073 bank credits from the Skykomish Habitat Mitigation Bank (SHMB).

The project site is located near 10010-147th Avenue NE, Granite Falls, Snohomish County, Section 16, Township 30 N., Range 6 E., within Water Resource Inventory Area (WRIA) 7-Snohomish.

With this WQC Order, Ecology is granting with conditions Robinett Investment Company, LLC (Marty Robinett)'s request for a Section 401 Water Quality Certification for the Meadowood East project, provided that the activity is conducted in accordance with the Section 401 Water Quality Certification request and attachments Ecology received on 5/22/2025.

Based on the information submitted, Ecology has determined that the discharge from the project will comply with state water quality requirements. Prior to undertaking any changes that materially alter the project, Robinett Investment Company, LLC (Marty Robinett) must contact Ecology to determine whether a new Section 401 Water Quality Certification is required.

Issuance of this Section 401 Water Quality Certification for this proposal does not authorize Robinett Investment Company, LLC (Marty Robinett) to exceed applicable state water quality standards (Chapter 173-201A WAC), ground water quality standards (Chapter 173-200 WAC), or sediment quality standards (Chapter 173-204 WAC). Furthermore, nothing in this Section 401 Water Quality Certification absolves Robinett Investment Company, LLC (Marty Robinett) from liability for contamination and any subsequent cleanup of surface waters, ground waters, or sediments resulting from project construction or operations.

### **Special Conditions:**

1. This Certification is not effective until the U.S. Corps of Engineers (Corps) Seattle District issues a Department of the Army (DA) permit for this project. WQC Order No. 23800 will remain valid until 10/31/2026.
  - Justification – Certifications are required for any license or permit that authorizes an activity that may result in a discharge or fill material into waters. This WQC Order is not valid until the Federal agency issues a permit. Additionally, Ecology needs to be able to specify how long the WQC Order will be in effect.
  - Citation – Chapter 90.48 RCW, Chapter 173-201A WAC, and WAC 173-225-010.
2. Robinett Investment Company, LLC (Marty Robinett) shall send a copy of the final Federal permit via e-mail to [fednotification@ecy.wa.gov](mailto:fednotification@ecy.wa.gov) and cc to [doug.gresham@ecy.wa.gov](mailto:doug.gresham@ecy.wa.gov) prior to the starting of any work authorized by this WQC Order. If the Federal Agency determines the proposed project does not require a Federal permit, the Robinett Investment Company, LLC (Marty Robinett) shall immediately inform Ecology.

- Justification - This condition is needed to ensure that the federal permit has been issued and all the conditions of the WQC Order have been included into the federal permit.
  - Citation - 40 CFR 121.10, 40 CFR 121.11, and Chapter 90.48 RCW.
3. To transfer this WQC Order to a new owner or operator Robinett Investment Company, LLC (Marty Robinett) shall:
- a. Complete a Request for Transfer of Order with a specific transfer date of the WQC Order's obligations, coverage, and liability and submit it to Ecology at [fednotification@ecy.wa.gov](mailto:fednotification@ecy.wa.gov) and cc to [doug.gresham@ecy.wa.gov](mailto:doug.gresham@ecy.wa.gov). Link to form: <https://apps.ecology.wa.gov/publications/SummaryPages/ECY070695.html>;
  - b. Provide a copy of this WQC Order to the new owner or operator; and
  - c. The transfer is not considered valid until the Robinett Investment Company, LLC (Marty Robinett) receives written notification from Ecology that the transfer has been approved.
- Justification – Ecology has independent state authority to ensure protection of state water quality. Ecology needs to ensure that anyone conducting work at the project, including any new owners or operators, are aware of and understand the required conditions of this WQC Order to ensure compliance with the water quality standards and other applicable state laws.
  - Citation – 40 CFR 121.5, Chapter 90.48 RCW, RCW 90.48.030, Chapter 173-201A WAC, and WAC 173-225-010.
4. Any work that causes distressed or dying fish or discharges of oil, fuel, or other chemicals into state waters or onto land with a potential for entry into state waters is prohibited. If such work, conditions, or discharges occur, immediately notify Ecology's Regional Spill Response Office at 360-407-6300 and the Washington State Department of Fish & Wildlife with the nature and details of the problem, any actions taken to correct the problem, and any proposed changes in operation to prevent further problems. You will also need to notify the Washington Emergency Management Division at 1-800-258-5990, for spills to water only. This condition is necessary to prevent oil and other hazardous materials spills from causing environmental damage and to ensure compliance with water quality requirements. The sooner a spill is reported, the quicker it can be addressed, resulting in less harm.

- Justification - This condition is necessary to prevent oil and hazardous materials spills from causing environmental damage and to ensure compliance with water quality requirements. The sooner a spill is reported, the quicker it can be addressed, resulting in less harm. Ecology must protect waters of the state from all discharges and potential discharges of pollution that can affect water quality to protect aquatic life and beneficial uses.
  - Citation - Chapter 90.48 RCW, RCW 90.48.030, RCW 90.48.080, Chapter 90.56 RCW, RCW 90.56.280, Chapter 173-201A WAC, WAC 173-201A-300 - 330, WAC 173-204-120, WAC 173-225-010, and WAC 173-303-145.
5. The Robinett Investment Company, LLC (Marty Robinett) shall mitigate wetland impacts as described in the Mitigation Bank Use Plan, dated October 18, 2024, or as required by this Order.
- Justification - Alteration of water quality necessitates the use of mitigation as a method of controlling pollution. When adequate mitigation is provided, the impacts are not considered significant enough to water quality, at least in the long-term. The water quality standards, along with mitigation, protect wetlands as well as permitting some level of degradation where unavoidable or necessary.
  - Citation – 33 CFR 332, 40 CFR 131.12, 40 CFR 230, subpart J, Chapter 90.48 RCW, Chapter 90.54 RCW, Chapter 90.74 RCW, Chapter 173-201A WAC, WAC 173-201A-260 (3)(i-ii), WAC 173-201A-300, and WAC 173-225-010.
6. Prior to impacting wetlands, the Robinett Investment Company, LLC (Marty Robinett) shall submit to Ecology documentation from the bank sponsor verifying the purchase of 0.073 wetland mitigation bank credits (credits) from the Skykomish Habitat Mitigation Bank. This documentation must include the Ecology Order Number, Order issuance date, impact acreage, the amount of credits required by the Order, and date of credit purchase.
- Justification - This condition is necessary to ensure the compensatory mitigation was actually provided by the bank.
  - Citation – 33 CFR 332, 40 CFR 131.12, 40 CFR 230, subpart J, RCW 47.85.040, Chapter 90.48 RCW, Chapter 90.54 RCW, Chapter 90.74 RCW, Chapter 173-201A WAC, WAC 173-201A-260 (3)(i-ii), WAC 173-201A-300, and WAC 173-225-010.
7. Unless otherwise authorized by this WQC Order, the Robinett Investment

Company, LLC (Marty Robinett) shall complete the purchase of credits before impacting wetlands. Otherwise, Ecology may require the Robinett Investment Company, LLC (Marty Robinett) to provide additional compensation to account for additional temporal loss of wetland functions.

- Justification - Mitigation that is not emplaced concurrent with impacts will result in degradation of existing beneficial uses of the wetlands affected by the proposed action through temporal loss of functions.
- Citation – 33 CFR 332, 40 CFR 131.12, 40 CFR 230, subpart J, RCW 47.85.040, Chapter 90.48 RCW, Chapter 90.54 RCW, Chapter 90.74 RCW, Chapter 173-201A WAC, WAC 173-201A-260 (3)(i-ii), WAC 173-201A-300 and WAC 173-225-010.

In view of the foregoing and in accordance with 33 U.S.C. §1341, RCW 90.48.120, RCW 90.48.260 Chapter 173-200 WAC and Chapter 173-201A WAC, this WQC is granted with conditions to the Robinett Investment Company, LLC (Marty Robinett) for the Meadowood East project.
