Re: Water Quality Certification Order No. **23796**, (Corps No. **NWS-2025-259**), Chehalis to Washougal Anomaly Digs - Little Washougal River Site, Clark County, Washington

Dear Halli Baumann:

On April 3, 2025, Northwest Pipeline, LLC (Halli Baumann) submitted a request for a Section 401 Water Quality Certification (WQC) under the federal Clean Water Act for the Chehalis to Washougal Anomaly Digs - Little Washougal River Site, Clark County, Washington.

On behalf of the state of Washington, the Department of Ecology certifies with conditions that the work described in the Water Quality Certification Request and supplemental documents complies with applicable provisions of Sections 301, 302, 303, 306, and 307 of the Clean Water Act, as amended, and applicable state laws. **This certification is subject to the enclosed Water Quality Certification Order (WQC Order).**

Please ensure that anyone doing work under this WQC Order has read, is familiar with, and is able to follow all the provisions within the attached WQC Order.

If you have any questions about this decision, please contact Kerry Carroll at (360) 791-0575. The enclosed WQC Order may be appealed by following the procedures described within.

Sincerely,

Loree' Randall on behalf of  
Brenden McFarland, Section Manager  
Environmental Review & Transportation Section  
Shorelands and Environmental Assistance Program

WQC Order No. 23796, Corps No. NWS-2025-259

In The Matter of Granting a Water Quality  
Certification with Conditions to Northwest Pipeline, LLC (Halli  
Baumann)  
pursuant to 33 U.S.C. 1341 (FWPCA § 401), RCW 90.48.120, RCW  
90.48.260 and Chapter 173-201A WAC

Northwest Pipeline, LLC  
Attn: Halli Baumann  
650 Main Street, Suite 300  
Salt Lake City, UT 84101

<b>WQC Order No.</b>	23796
<b>Corps Reference No.</b>	NWS-2025-259
<b>Site Location</b>	Chehalis to Washougal Anomaly Digs - Little Washougal River Site located within Little Washougal River, Camas, Clark County, Washington.

Northwest Pipeline, LLC (Halli Baumann) submitted a request for a Section 401 Water Quality Certification (WQC) under the federal Clean Water Act for the Chehalis to Washougal Anomaly Digs - Little Washougal River Site, Clark County, Washington. The required processing dates are listed below:

- On 5/10/2024, the Northwest Pipeline, LLC (Halli Baumann) submitted a pre-filing meeting request.
- On 4/3/2025, Ecology received a request for Clean Water Section 401 Water Quality Certification.
- On 4/15/2025, Northwest Pipeline, LLC (Halli Baumann) submitted additional information, and the Department of Ecology (Ecology) considered the Request valid on this date.
- On 4/30/2025, Ecology issued a public notice for the project.
- Ecology's "Reasonable Period of Time" for this project has been established as 10/3/2025.

This project proposes to conduct a routine pipeline integrity inspection of the existing 30-inch Ignacio-Sumas Loop natural gas pipeline at the Little Washougal River anomaly dig site. Proposed activities include the excavation, inspection, and repair of an isolated section of an existing natural gas pipeline. Based on the data received for the Little Washougal River anomaly, the engineering team has determined that the scope of the Project will be limited to repair. Replacement of the pipe will not be necessary and is not proposed. The repair will

involve reapplying the pipe coating and possibly adding a reinforcing sleeve or clamp over the existing pipe.

The project site is located at 29117 NE Reilly Rd, Little Washougal River, Clark County, Washington, within Water Resource Inventory Area (WRIA) 28 Salmon-Washougal.

With this WQC Order, Ecology is granting with conditions Northwest Pipeline, LLC (Halli Baumann)'s request for a Section 401 Water Quality Certification for the Chehalis to Washougal Anomaly Digs - Little Washougal River Site project, provided that the activity is conducted in accordance with the Section 401 Water Quality Certification request and attachments Ecology received on 4/3/2025, and the following supporting documentation:

1. Biological Assessment received on 5/2/2025.
2. Critical Areas Report received on 5/2/2025

Based on the information submitted, Ecology has determined that the discharge from the project will comply with state water quality requirements. Prior to undertaking any changes that materially alter the project, Northwest Pipeline, LLC (Halli Baumann) must contact Ecology to determine whether a new Section 401 Water Quality Certification is required.

Issuance of this Section 401 Water Quality Certification for this proposal does not authorize Northwest Pipeline, LLC (Halli Baumann) to exceed applicable state water quality standards (Chapter 173-201A WAC), ground water quality standards (Chapter 173-200 WAC), or sediment quality standards (Chapter 173-204 WAC). Furthermore, nothing in this Section 401 Water Quality Certification absolves Northwest Pipeline, LLC (Halli Baumann) from liability for contamination and any subsequent cleanup of surface waters, ground waters, or sediments resulting from project construction or operations.

1. This Certification is not effective until the U.S. Corps of Engineers (Corps) Seattle District issues a Department of the Army (DA) permit for this project. WQC Order No. **23796** will remain valid until 8/31/2026.
  - Justification – Certifications are required for any license or permit that authorizes an activity that may result in a discharge or fill material into waters. This WQC Order is not valid until the Federal agency issues a permit. Additionally, Ecology needs to be able to specify how long the WQC Order will be in effect.
  - Citation – Chapter 90.48 RCW, Chapter 173-201A WAC, and WAC 173-225-010.

2. Northwest Pipeline, LLC (Halli Baumann) shall send a copy of the final Federal permits via e-mail to [fednotification@ecy.wa.gov](mailto:fednotification@ecy.wa.gov) and cc to [kerry.carroll@ecy.wa.gov](mailto:kerry.carroll@ecy.wa.gov) prior to the starting of any work authorized by this WQC Order. If the Federal Agency determines the proposed project does not require a Federal permit, the Northwest Pipeline, LLC (Halli Baumann) shall immediately inform Ecology.
  - Justification - This condition is needed to ensure that the federal permit has been issued and all the conditions of the WQC Order have been included into the federal permit.
  - Citation - 40 CFR 121.10, 40 CFR 121.11, and Chapter 90.48 RCW.
3. To transfer this WQC Order to a new owner or operator Northwest Pipeline, LLC (Halli Baumann) shall:
  - a. Complete a Request for Transfer of Order with a specific transfer date of the WQC Order's obligations, coverage, and liability and submit it to Ecology at [fednotification@ecy.wa.gov](mailto:fednotification@ecy.wa.gov) and cc to [kerry.carroll@ecy.wa.gov](mailto:kerry.carroll@ecy.wa.gov). Link to form: <https://apps.ecology.wa.gov/publications/SummaryPages/ECY070695.html>;
  - b. Provide a copy of this WQC Order to the new owner or operator; and
  - c. The transfer is not considered valid until the Northwest Pipeline, LLC (Halli Baumann) receives written notification from Ecology that the transfer has been approved.
    - Justification – Ecology has independent state authority to ensure protection of state water quality. Ecology needs to ensure that anyone conducting work at the project, including any new owners or operators, are aware of and understand the required conditions of this WQC Order to ensure compliance with the water quality standards and other applicable state laws.
    - Citation – 40 CFR 121.5, Chapter 90.48 RCW, RCW 90.48.030, Chapter 173-201A WAC, and WAC 173-225-010.
4. Any work that causes distressed or dying fish or discharges of oil, fuel, or other chemicals into state waters or onto land with a potential for entry into state waters is prohibited. If such work, conditions, or discharges occur, immediately notify Ecology's Regional Spill Response Office at 360-407-6300 and the Washington State Department of Fish & Wildlife with the nature and details of the problem, any actions taken to correct the problem, and any proposed changes in operation to prevent further problems. You will also need to notify the Washington Emergency Management Division at 1-800-258-5990, for spills to water

only. This condition is necessary to prevent oil and other hazardous materials spills from causing environmental damage and to ensure compliance with water quality requirements. The sooner a spill is reported, the quicker it can be addressed, resulting in less harm.

- Justification - This condition is necessary to prevent oil and hazardous materials spills from causing environmental damage and to ensure compliance with water quality requirements. The sooner a spill is reported, the quicker it can be addressed, resulting in less harm. Ecology must protect waters of the state from all discharges and potential discharges of pollution that can affect water quality to protect aquatic life and beneficial uses.
- Citation - Chapter 90.48 RCW, RCW 90.48.030, RCW 90.48.080, Chapter 90.56 RCW, RCW 90.56.280, Chapter 173-201A WAC, WAC 173-201A-300 - 330, WAC 173-204-120, WAC 173-225-010, and WAC 173-303-145.

In view of the foregoing and in accordance with 33 U.S.C. §1341, RCW 90.48.120, RCW 90.48.260 Chapter 173-200 WAC and Chapter 173-201A WAC, this WQC is granted with conditions to the Northwest Pipeline, LLC (Halli Baumann) for the Chehalis to Washougal Anomaly Digs - Little Washougal River Site project.

## **Your right to appeal**

You have a right to appeal this Order to the Pollution Control Hearings Board (PCHB) within 30 days of the date of receipt. The appeal process is governed by Chapter 43.21B RCW and Chapter 371-08 WAC. "Date of receipt" is defined in RCW 43.21B.001(2).

To appeal, you must do all the following within 30 days of the date of receipt of this Order:

- File your notice of appeal and a copy of this Order with the PCHB (see filing information below). "Filing" means actual receipt by the PCHB during regular business hours as defined in WAC 371-08-305 and -335. "Notice of appeal" is defined in WAC 371-08-340.
- Serve a copy of your notice of appeal and this Order on the Department of Ecology by mail, in person, or by email (see addresses below).

You must also comply with other applicable requirements in Chapter 43.21B RCW and Chapter 371-08 WAC.
