RE: Revised federal consistency determination for a hydrographic survey in the Strait of Juan de Fuca, Washington

Dear Jay Nunenkamp:

The Washington Department of Ecology (Ecology) received National Oceanic and Atmospheric Administration's (NOAA) revised Consistency Determination on July 28, 2020. NOAA's Office of Coast Survey plans to conduct a hydrographic survey of a 90 square nautical mile area off the coast of Washington in the Strait of Juan de Fuca. The project will begin on or about September 1, 2020, ending around November 11, 2020.

Ecology has reviewed NOAA's Consistency Determination for consistency with the applicable enforceable policies in Washington Coastal Zone Management Program's (CZMP) that are found in the Shoreline Management Act, the Water Pollution Control Act, and Washington's Clean Air Act.

Pursuant to Section 307(c)(3) of the Coastal Zone Management Act of 1972 as amended, Ecology concurs with NOAA's determination that the proposed work is consistent with Washington's CZMP.

Should you have any questions regarding Ecology's concurrence, please contact Therese Swanson at 360.584.3744 or terry.swanson@ecy.wa.gov.
