RE: Coastal Zone Consistency for Corps Reference #NWS-2019-226,  
I&J Waterway Fit-up Float and Pier Project, Bellingham, Whatcom County, Washington

Dear Matt Mullett:

On October 30, 2020, the Department of Ecology received a Certification of Consistency with the Washington State Coastal Zone Management Program (CZMP) for the above project.

This determination is for the installation of a new float, pier and gangway, as well as removal of a portion of the Pipeline Wharf as compensatory mitigation. The project is located at 1051 Hilton Avenue, in Bellingham, Washington, in Whatcom County.

Pursuant to Section 307(c)(3) of the Coastal Zone Management Act of 1972 as amended, Ecology concurs with All American Marine's determination that the proposed work is consistent with Washington's CZMP.

If you have any questions regarding Ecology's consistency determination please contact Rebekah Padgett at (425) 649-7129.
