**Re: Approval of Cleanup Action Implementation, Addendum 1, Engineering Design Report:**

- **Site Name:** Hamilton Street Bridge Site
- **Site Address:** 111 North Erie Street, Spokane, WA 99202
- **Cleanup Site ID:** 3509
- **Facility/Site ID:** 84461527

Dear Mr. Griffin:

Thank you for submitting the final Engineering Design Report (EDR) dated April 29, 2021, to implement the Cleanup Action at the Hamilton Street Bridge Site in accordance with the final Cleanup Action Plan; Addendum 1 (CAP) and Prospective Purchaser Consent Decree (PPCD) No. 21200059-32.

Ecology has no further comments on the final EDR and concurs that the final EDR is ready for the implementation of the cleanup action as described in the final CAP.

As we discussed during an earlier telephone conversation, Ecology is looking forward to receiving the updated contractor Health and Safety Plan (HASP) and Spill Prevention Control and Countermeasure (SPCC) plans separately, as the on-site construction progresses.

If you have any questions, please contact me at (509) 329-3543 or e-mail me at [clof461@ecy.wa.gov](mailto:clof461@ecy.wa.gov).

Adam Griffin
