Dear Ms. Waterman:

The Island County Health Department has completed the site hazard assessment (SHA) of the Waterman Mill Company site, as required under the Model Toxics Control Act. A determination of no further action (NFA) at this site has been made by the Washington Department of Ecology (Ecology) based on this SHA.

Ecology reserves the right to initiate further investigation at this site where new information is received indicating a potential/actual threat to human health and/or the environment through the release of hazardous substances.

Please contact me at (360) 679-7350, extension 7288 if you have any questions or comments regarding this SHA determination of NFA.

Sincerely,
