Subject: Chevron Queen Anne 211577 - Status Update_07092021

Hi Jing,

On behalf of Chevron, the following is a progress update for Chevron site 211577 (“Queen Anne”) located at 631 Queen Anne Avenue North in Seattle, Washington. This update satisfies the requirements of Agreed Order No. DE 16537 associated with the site which indicates that quarterly progress reports be submitted to the Washington State Department of Ecology by the 10th of the month following the reporting period. This update summarizes activities completed from April 1, 2021 through June 30, 2021.

Description of Actions Taken to Comply with Agreed Order

- Arcadis sent a summary of response to Ecology comments on the Draft Remedial Investigation Work Plan on 5/3/2021, and updated text, tables, and figures on 6/11/2021
- Arcadis assessed the condition of the following wells that were previously inaccessible: RW-3, MW-10, MW-15. These wells were observed to be in good condition.

Summary of Deviations from Approved Work Plans

- No deviations during this reporting period

Description of Work Planned for Third Quarter Reporting Period

- Arcadis will access wells RW-2, SSI-W2, and DPE-3 to assess their condition to determine if samples are able to be collected from these wells
- Arcadis is currently working on securing access agreements and ROW permit for the RI Investigation
- Arcadis will continue to prepare and submit quarterly updates to Ecology via email

Please let me know if you have any questions.

Thank you,

-Ada
