Mr. Mark Maynard and
Ms. Bonnie J. Maynard
Maxi Mini Mart
P. O. Box 668
Cosmopolis, Washington 98537

Dear Mr. Maynard and Ms. Maynard:

Re: Response to Ecology Update Letter for Maxi Mini Mart (Ecology ID 006599),
Cosmopolis, WA

Thank you for responding to my letter dated July 23, 1998 concerning **Maxi Mini Mart located at 1025 First St. in Cosmopolis, Washington.**

After reviewing the information you provided in your letter dated August 11, 1998, the files that are kept at the Department of Ecology (Ecology), and talking with you, it appears that sufficient information on the site is available for Ecology to close its records.

The status of the Maxi Mini Mart has been listed as 'Reported Cleaned up' without Ecology review on Ecology's leaking underground storage tank database. This status is not the equivalent to a 'no further action' letter that is issued under Ecology's Voluntary Cleanup Program (VCP). The VCP is a fee-based service that Ecology offers to parties who want a thorough review of cleanup activities conducted at their sites.

Reports and correspondences relating to this site are kept in Central Files of Ecology's Southwest Regional Office (SWRO). These records are made available for public review by appointment only. Appointments to view the files can be made by calling the SWRO Resource Center at (360) 407-6365.

Thank you for your response to my request for updated information concerning the Maxi Mini Mart site and your patience. If you have any questions, I can be reached at (360) 407-6245.

Sincerely,

Patricia L. martin
Toxics Cleanup Program
Southwest Regional Office
