Subject: Chevron Queen Anne 211577 - Status Update_10112021

Hi Jing,

On behalf of Chevron Environmental Management Company (CEMC), the following is a progress update for Chevron site 211577 ("Queen Anne") located at 631 Queen Anne Avenue North in Seattle, Washington. This update satisfies the requirements of Agreed Order No. DE 16537 associated with the site which indicates that quarterly progress reports be submitted to the Washington State Department of Ecology by the 10th of the month following the reporting period. This update summarizes activities completed from July 1, 2021 through September 30, 2021.

Description of Actions Taken to Comply with Agreed Order

- Arcadis assessed the condition of wells that were previously inaccessible
- Arcadis assessed interior sub-slab vapor points at Monterey and Del Roy Apartments
- Arcadis received additional comments from Ecology on the Remedial Investigation Work Plan (RIWP), and is working on updating the work plan to respond to comments and to include additional information collected from assessments of wells and vapor points (conducted in August and September)

Summary of Deviations from Approved Work Plans

- No deviations during this reporting period

Description of Work Planned for Fourth Quarter Reporting Period

- Arcadis will conduct indoor air and sub-slab vapor sampling at the Monterey and Del Roy Apartments, to be scheduled pending Ecology's approval of the RIWP
- Arcadis is currently working on securing access agreements and ROW permit for the RI Investigation
- Arcadis will continue to prepare and submit quarterly updates to Ecology via email

Please let me know if you have any questions.

Thank you,

-Ada
