Re: Termination of VCP Agreement for the following Site:

- **Site Name:** GSA Federal Center S Bldg 1206
- **Site Address:** 4735 E. Marginal Way S., Building 1206, Seattle, WA 98134
- **Facility/Site No.:** 18866
- **VCP Project No.:** NW2930
- **Cleanup Site ID No.:** 12493

Dear Robert Bliss:

The Department of Ecology (Ecology) is terminating the VCP Agreement governing Project No. NW2930. The project involved the cleanup of the **GSA Federal Center S Bldg 1206** facility (Site). The effective date of termination is the date of this letter. We are providing this notice in accordance with the terms of the Agreement.

Reason

Ecology is terminating the Agreement because we understand that you are not actively cleaning up the Site. The most recent submittal for this Site was in 2019 and the last opinion request and letter was in 2017. On August 20, 2019, we sent you a letter requesting an update on the status of your cleanup and your plan for completing the cleanup for which we only received a 2016 Groundwater Quarterly Monitoring Report. Because the Site is not undergoing active remediation and only groundwater monitoring may be occurring at this time, we have decided to terminate the Agreement.

You may apply to reenter the VCP if you decide to conduct further action at the Site or when groundwater monitoring is complete and the Site is ready for a final agency determination.

Robert Bliss

Next Steps

Based on this decision, Ecology may take one or more of the following steps:

1. Conduct a site hazard assessment (SHA) and rank the Site for further action.

Contact Information

Thank you for all your efforts so far to remediate this Site. Ecology is committed to working with you to accomplish the prompt and effective cleanup of the Site. If you have any questions about this notice, please contact me by phone at (206) 594-0113 or by email at louise.bardy@ecy.wa.gov.

Sincerely,
