Environmental Covenant

Grantor: Port of Seattle

Grantee: State of Washington, Department of Ecology (hereafter "Ecology")

Brief Legal Description: The portion of the northeast quarter of Section 20, Township 23 North, Range 04 East, W.M., King County, Washington, more fully described in Exhibit A.

Tax Parcel Nos.: A portion of Tax Parcel Numbers 202304-9016

Cross Reference: N/A

RECITALS

a. This document is an environmental (restrictive) covenant (hereafter "Covenant") executed pursuant to the Model Toxics Control Act ("MTCA"), chapter 70.105D RCW, and Uniform Environmental Covenants Act ("UECA"), chapter 64.70 RCW.

b. The Property that is the subject of this Covenant is part or all of a site commonly known as Lora Lake Apartments Site, Dredged Material Containment Area (DMCA). The Property is legally described in Exhibit A, and illustrated in Exhibit B, both of which are attached (hereafter "Property"). If there are differences between these two Exhibits, the legal description in Exhibit A shall prevail.

c. The Property is the subject of remedial action conducted under MTCA. This Covenant is required because residual contamination remains on the Property after completion of remedial actions. Specifically, the following principal contaminants remain on the Property:

Medium	Principal Contaminants Present
Soil	Dioxins/furans
Groundwater	Not Applicable
Surface Water/Sediment	Not Applicable

DMCA PARCEL

d. It is the purpose of this Covenant to restrict certain activities and uses of the Property to protect human health and the environment and the integrity of remedial actions conducted at the site. Records describing the extent of residual contamination and remedial actions conducted are available through Ecology. This includes the following documents: Consent Decree Re: Lora Lake Apartments Site, Burien, Washington dated September 9, 2015; Remedial Investigation/Feasibility Study, dated January 2015; and the Lora Lake Apartments Site Construction As-Built Report, dated January 2021.

e. This Covenant grants Ecology certain rights under UECA and as specified in this Covenant. As a Holder of this Covenant under UECA, Ecology has an interest in real property, however, this is not an ownership interest which equates to liability under MTCA or the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. § 9601 *et seq.* The rights of Ecology as an “agency” under UECA, other than its’ right as a holder, are not an interest in real property.

COVENANT

Subject to all the terms and conditions of this Covenant, the Port of Seattle, as Grantor and owner of the Property hereby grants to the Washington State Department of Ecology, and its successors and assignees, the following covenants. Furthermore, subject to any restrictions, easements and reservations of record and the provisions of Section 4 below, it is the intent of the Grantor that such covenants shall supersede any prior interests the GRANTOR has in the property and run with the land and be binding on all current and future owners of any portion of, or interest in, the Property.

Section 1. General Restrictions and Requirements.

The following general restrictions and requirements shall apply to the Property:

a. **Interference with Remedial Action.** The Grantor shall not engage in any activity on the Property that may impact or interfere with the remedial action and any operation, maintenance, inspection or monitoring of that remedial action without prior written approval from Ecology.

b. **Protection of Human Health and the Environment.** The Grantor shall not engage in any activity on the Property that may threaten continued protection of human health or the environment without prior written approval from Ecology. This includes, but is not limited to, any activity that results in the release of residual contamination that was contained as a part of the remedial action or that exacerbates or creates a new exposure to residual contamination remaining on the Property.

c. **Continued Compliance Required.** Grantor shall not convey any interest in any portion of the Property without providing for the continued adequate and complete operation, maintenance and monitoring of remedial actions and continued compliance with this Covenant.

d. **Leases.** Grantor shall restrict any lease for any portion of the Property to uses and activities consistent with this Covenant and notify all lessees of the restrictions on the use of the Property.

DMCA PARCEL

e. **Preservation of Reference Monuments.** Grantor shall make a good faith effort to preserve any reference monuments and boundary markers used to define the areal extent of coverage of this Covenant. Should a monument or marker be damaged or destroyed, Grantor shall have it replaced by a licensed professional surveyor within 30 days of discovery of the damage or destruction.

Section 2. Specific Prohibitions and Requirements.

In addition to the general restrictions in Section 1 of this Covenant, the following additional specific restrictions and requirements shall apply to the Property.

a. **Land use.** The remedial action for the Property is based on a cleanup designed for industrial property. As such, the Property shall be used in perpetuity only for industrial uses, as that term is defined in the rules promulgated under Chapter 70.105D RCW. Prohibited uses on the Property include but are not limited to residential uses, childcare facilities, K-12 public or private schools, parks, grazing of animals, growing of food crops, and non-industrial commercial uses; provided, nothing herein prohibits or restricts, or shall be deemed to prohibit or restrict, Grantor's "aeronautical use" of the Property as that phrase is defined by the Federal Aviation Administration at any time this Covenant is in effect; and provided further, nothing herein prohibits or restricts or shall be deemed to prohibit or restrict non-aeronautical commercial and industrial use of the Property, including, but not limited to, parking, rental car, ground transportation, cargo, warehouse, distribution, logistics, maintenance and repair facilities, or any other commercial or industrial use in accordance with the Property's zoning, except that fueling shall not be permitted. To the extent the Property is encumbered with utilities easements, nothing herein shall prevent Grantor's or the easement holder's continued use, maintenance and repair on such utilities.

b. **Containment of Soil/Waste Materials.** The remedial action for the Property is based on containing contaminated soil under a cap consisting of compacted gravel or an engineered surface and located as illustrated in Exhibit B. The primary purpose of this cap is to provide a barrier to prevent potential wildlife exposure to contamination remaining on-site. As such, the following restrictions (1) and (2) shall apply within the area illustrated in Exhibit B:

- (1) Modifications to Wildlife Barrier Cap. Any activity on the Property that will compromise the integrity of the cap including: drilling; digging; piercing the cap with sampling device, post, stake or similar device; grading; excavation; installation of underground utilities; removal of the cap; or, application of loads in excess of the cap load bearing capacity, is prohibited without prior written approval by Ecology. The Grantor shall report to Ecology within forty-eight (48) hours of the discovery of any damage to the cap. Unless an alternative plan has been approved by Ecology in writing, the Grantor shall promptly repair the damage and submit a report documenting this work to Ecology within thirty (30) days of completing the repairs.
- (2) Cap Inspections. The Grantor covenants and agrees that it shall annually, or at another time as approved in writing by Ecology, inspect the wildlife barrier cap and report within thirty (30) days of the inspection the condition of the wildlife barrier cap and any changes to the wildlife barrier cap that would impair its performance.

DMCA PARCEL

Section 3. Access.

- a. The Grantor shall maintain clear access to all remedial action components necessary to construct, operate, inspect, monitor and maintain the remedial action.
- b. The Grantor freely and voluntarily grants Ecology and its authorized representatives, upon reasonable notice, the right to enter the Property at reasonable times to evaluate the effectiveness of this Covenant and associated remedial actions, and enforce compliance with this Covenant and those actions, including the right to take samples, inspect any remedial actions conducted on the Property, and to inspect related records; provided, Ecology shall provide Grantor reasonable advance notice of such entry and access shall be subject to Grantor's regular airport, Federal Aviation Administration and Department of Homeland Security badging, escort and other security requirements and procedures, as applicable.
- c. No right of access or use by a third party to any portion of the Property is conveyed by this instrument.

Section 4. Subordination to Agreements with the United States.

This Covenant and all restrictions, requirements and covenants of Grantor hereunder are subject and subordinate to the terms, reservations, restrictions and conditions of any existing or future agreements between the Port and the United States (including, without limitation, grant assurances), and any applicable federal laws or regulations relative to the operation, security or maintenance of Airport, the execution and/or imposition of which has been or may be required as a condition precedent to the transfer of federal rights or property to the Port for Airport purposes and the expenditure of federal funds for the extension, expansion or development of the Airport or airport system.

Section 5. Notice Requirements.

- a. **Conveyance of Any Interest.** The Grantor, when conveying any interest within the area of the Property described and illustrated in Exhibit B, including but not limited to title, easement, leases, and security or other interests, must:
 - i. Provide written notice to Ecology of the intended conveyance at least thirty (30) days in advance of the conveyance.
 - ii. Include in the conveying document a notice in substantially the following form, as well as a complete copy of this Covenant:

NOTICE: THIS PROPERTY IS SUBJECT TO AN ENVIRONMENTAL COVENANT GRANTED TO THE WASHINGTON STATE DEPARTMENT OF ECOLOGY ON _____ (DATE) AND RECORDED WITH THE KING COUNTY AUDITOR UNDER RECORDING NUMBER _____. USES AND ACTIVITIES ON THIS PROPERTY MUST COMPLY WITH THAT COVENANT, SUBJECT TO AND IN ACCORDANCE WITH THE TERMS AND CONDITIONS THEREOF, A COMPLETE COPY OF WHICH IS ATTACHED TO THIS DOCUMENT.
 - iii. Unless otherwise agreed to in writing by Ecology, provide Ecology with a complete copy of the executed document within thirty (30) days of the date of execution of such document.

DMCA PARCEL

b. Reporting Violations. Should the Grantor become aware of any violation of this Covenant, Grantor shall promptly report such violation in writing to Ecology.

c. Emergencies. For any emergency or significant change in site conditions due to Acts of Nature (for example, flood or fire) resulting in a violation of this Covenant, the Grantor is authorized to respond to such an event in accordance with state and federal law. The Grantor must notify Ecology in writing of the event and response actions planned or taken as soon as practical but no later than within 24 hours of the discovery of the event.

d. Notification procedure. Any required written notice, approval, reporting or other communication shall be personally delivered or sent by first class mail to the following persons. Any change in this contact information shall be submitted in writing to all parties to this Covenant. Upon mutual agreement of the parties to this Covenant, an alternative to personal delivery or first class mail, such as e-mail or other electronic means, may be used for these communications.

--	---

Section 6. Modification or Termination.

a. Grantor must provide written notice and obtain approval from Ecology at least sixty (60) days in advance of any proposed activity or use of the Property in a manner that is inconsistent with this Covenant. For any proposal that is inconsistent with this Covenant and permanently modifies an activity or use restriction at the site:

i. Ecology must issue a public notice and provide an opportunity for the public to comment on the proposal; and

ii. If Ecology approves of the proposal, the Covenant must be amended to reflect the change before the activity or use can proceed.

b. If the conditions at the site requiring a Covenant have changed or no longer exist, then the Grantor may submit a request to Ecology that this Covenant be amended or terminated. Any amendment or termination of this Covenant must follow the procedures in MTCA and UECA and any rules promulgated under these chapters.

Section 7. Enforcement and Construction.

a. This Covenant is being freely and voluntarily granted by the Grantor.

b. Within ten (10) days of execution of this Covenant, Grantor shall provide Ecology with an original signed Covenant and proof of recording and a copy of the Covenant and proof of recording to others required by RCW 64.70.070.

c. Ecology shall be entitled to enforce the terms of this Covenant by resort to specific performance or legal process. All remedies available in this Covenant shall be in addition to any

DMCA PARCEL

and all remedies at law or in equity, including MTCA and UECA. Enforcement of the terms of this Covenant shall be at the discretion of Ecology, and any forbearance, delay or omission to exercise its rights under this Covenant in the event of a breach of any term of this Covenant is not a waiver by Ecology of that term or of any subsequent breach of that term, or any other term in this Covenant, or of any rights of Ecology under this Covenant.

d. The Grantor shall be responsible for all costs associated with implementation of this Covenant. Furthermore, the Grantor, upon request by Ecology, shall be obligated to pay for Ecology's costs to process a request for any modification or termination of this Covenant and any approval required by this Covenant.

e. This Covenant shall be liberally construed to meet the intent of MTCA and UECA.

f. The provisions of this Covenant shall be severable. If any provision in this Covenant or its application to any person or circumstance is held invalid, the remainder of this Covenant or its application to any person or circumstance is not affected and shall continue in full force and effect as though such void provision had not been contained herein.

g. A heading used at the beginning of any section or paragraph or exhibit of this Covenant may be used to aid in the interpretation of that section or paragraph or exhibit but does not override the specific requirements in that section or paragraph.

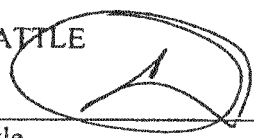

h. Nothing in this Covenant, express or implied, is intended to confer upon any person, other than Grantor and its successors and assigns any rights or remedies under or by reason of this Covenant; provided that this Covenant may be enforced by Ecology as described herein.
