Re: Final Approval of INTALCO Triple Lined Landfill Closure Report. Triple Lined Landfill Closure –
EPA ID # WAD 009488131

Dear Ms. Mitchell:

On July 11, 2011, Ecology in accordance with WAC 173-303-400 Interim Status Facility Standards approved two Intalco RCRA Permit modifications for the closure of the facility triple lined landfill. Intalco began closure activities in July 2011. Notification of substantial completion of the project was issued to the landfill contractor on November 28, 2011. The final project closure report (Closure Report, INTALCO Triple Lined Landfill, Anchor QEA, LLC January 2012) was received by Ecology on January 27, 2012.

Ecology approves the Closure Report as submitted. The final Closure Report satisfies the closure requirements of WAC 173-340-400(6)(b)(ii), WAC 173-303, 40 CFR Subpart N Ch. 265.310. The recording of Restrictive Covenant and Notice (Whatcom County No. 2120302672 on 3/26/2012) for the site is in currently in process. When Ecology receives the record of the recording of the Restrictive Covenant and Notice the Post Closure period will begin. Groundwater monitoring and cover maintenance will continue at the site for 30 years during Post Closure. If you have any questions regarding this approval please contact me in Lacey (360) 407-6949 or paul.skyllingstad@ecy.wa.gov.

Sincerely,

Paul Skyllingstad
