RE: Termination of VCP Agreement for the following Site:

- **Site Name:** Villas at Terrace Heights
- **Site Address:** 302 408 S 41st, Yakima
- **Facility/Site No.:** 4294905
- **Cleanup Site No.:** 3883
- **VCP Project No.:** CE0270

To Scott Clark:

The Department of Ecology (Ecology) has terminated the VCP Agreement governing Project No. CE0270. The project involved the cleanup of the Villas at Terrace Heights facility (Site). The effective date of termination was August 20, 2021, when we sent a termination letter to your most recent address we had on file (see enclosed).

Reason

Ecology is terminating the Agreement due to the complicated nature of this residential redevelopment site with many different property owners. Ecology had determined that the individual property owners will not be charged for VCP review time. See enclosed June 3, 2014, memorandum for additional information.
