COMMENTS

No reports in UST file. Enviro Complaint Form states 3 bunker C USTs removed in 1989. PCS ranged from 6000 to 7000 ppm. Want to over excavate and incinerate, but Mark Crooks and Don Nelson DOE Industrial need to ok, also PSAPCA. Paul Skylingstad (Ecol. Ind.) indicates a xylene UST also had a release. The release occurred some time ago. LUST Cleanup Report Review states the 3 bunker c USTs are exempt and are pre-1998. Also, 1 gas UST was removed in 1999. 4 soil samples returned ND. No GW was encountered. Site was given an NFA (under prior authority - county).
