Laboratory Data Validation

DATA VALIDATION SUMMARY – Lab Report #: 580-40333-1 Page 1 of 1
BNSF Parkwater
Kennedy Jenks Project Number: 1396110.06

Laboratory Reports included in Data Validation	Final Report Date	Sample IDs
TestAmerica Laboratories, Inc. TestAmerica Seattle 5755 8th Street East Tacoma, WA 98424	19 September 2013	Soil: RLT-BS1-091713, RLT-SW1-091713, RLT-SW2-091713, RLT-SW3-091713, RLT-SW4-091713, RLT-SW5-091713, RLT-SW6-091713, RLT-BS2-091713, RLT-BS102-091713 Water: RLT-RBI-091713
Criteria	(Yes or No)	Comment
<u>Chain-of-Custody</u> – Chain-of-custody protocol followed?	Yes	
<u>Custody Seals</u> – Custody seals intact on shipping containers/coolers?	N/A	No custody seals were on the cooler. Although according to the laboratory report, the cooler or samples did not appear to have been compromised or tampered with.
<u>Temperature Blank</u> – Sample temperature criteria met?	Yes	
<u>Holding times</u> – Samples analyzed within specified holding time?	Yes	
<u>Laboratory method blank samples</u> – Analytes present in method blank samples?	Yes	See laboratory note #1.
<u>Field/Equipment blank samples</u> – Analytes present in field/equipment blank samples?	No	
<u>Trip blank samples</u> – Analytes present in trip blank samples?	N/A	
<u>Matrix spikes/matrix spike duplicate samples</u> – Control limits met?	Yes	MS/MSD results were not shown as the MS/MSD was not performed on a Site Sample. The case narrative did not note any issues with MS/MSD recoveries.
<u>Surrogate percent recoveries</u> – Control limits met?	Yes	
<u>Laboratory control sample</u> – Control limits met?	Yes	
<u>Laboratory duplicate samples (if applicable)</u> – Control limits met?	Yes	
<u>Field duplicate samples (if submitted)</u> – Relative percent differences within control limit	Yes	

Notes:

1 - Method(s) NWTPH-Dx: In analytical batch 145322, the method blank for preparation batch 145227 contained #2 Diesel Fuel (C10-C24) and Motor Oil (>C24-C36) above the reporting limit (RL). None of the samples associated with this method blank contained the target compound; therefore, re-extraction and/or re-analysis of samples were not performed.

Overall Assessment

The findings with respect to the quality assurance/quality control (QA/QC) data do not adversely affect the use of the analytical results for purposes of confirmatory sampling.
Reviewed by Laura Himes, 27 December 2013

<u>Field/Equipment blank samples</u> – Analytes present in field/equipment blank samples?	N/A	
<u>Trip blank samples</u> – Analytes present in trip blank samples?	N/A	
<u>Matrix spikes/matrix spike duplicate samples</u> – Control limits met?	No	MS/MSD sample was not from Site. See laboratory note #1.
<u>Surrogate percent recoveries</u> – Control limits met?	N/A	
<u>Laboratory control sample</u> – Control limits met?	Yes	
<u>Laboratory duplicate samples (if applicable)</u> – Control limits met?	Yes	
<u>Field duplicate samples (if submitted)</u> – Relative percent differences within control limit	N/A	

Notes:

1 - Method(s) 6020: The matrix spike / matrix spike duplicate (MS/MSD) recoveries for batch 145366 were outside control limits. The associated laboratory control sample (LCS) recovery met acceptance criteria.

Overall Assessment

The findings with respect to the quality assurance/quality control (QA/QC) data do not adversely affect the use of the analytical results for purposes of confirmatory sampling.

Kennedy Jenks Project Number: 1396110.06

Laboratory Reports included in Data Validation	Final Report Date	Sample IDs
TestAmerica Laboratories, Inc. TestAmerica Seattle 5755 8th Street East Tacoma, WA 98424	9 October 2013	Soil: MSB-SW1-100713, MSB-SW2-100713, MSB-SW3-100713, MSB-SW4-100713, MSB-SW5-100713, MSB-SW6-100713, MSB-SW7-100713, MSB-BS1-100713, MSB-BS2-100713, MSB-BS3-100713, MSB-BS4-100713
Criteria	(Yes or No)	Comment
<u>Chain-of-Custody</u> – Chain-of-custody protocol followed?	No	Sampler was not indicated on COC. Based on field notes and the relinquished signature, the sampler was Matt Wilson from Kennedy/Jenks. The COC was modified via email communication which has been included in the laboratory package.
<u>Custody Seals</u> – Custody seals intact on shipping containers/coolers?	Yes	
<u>Temperature Blank</u> – Sample temperature criteria met?	Yes	
<u>Holding times</u> – Samples analyzed within specified holding time?	Yes	
<u>Laboratory method blank samples</u> – Analytes present in method blank samples?	No	
<u>Field/Equipment blank samples</u> – Analytes present in field/equipment blank samples?	N/A	
<u>Trip blank samples</u> – Analytes present in trip blank samples?	N/A	
<u>Matrix spikes/matrix spike duplicate samples</u> – Control limits met?	Yes	MS/MSD results were not shown as the MS/MSD was not performed on a Site Sample. The case narrative did not note any issues with MS/MSD recoveries.
<u>Surrogate percent recoveries</u> – Control limits met?	N/A	
<u>Laboratory control sample</u> – Control limits met?	Yes	
<u>Laboratory duplicate samples (if applicable)</u> – Control limits met?	Yes	
<u>Field duplicate samples (if submitted)</u> – Relative percent differences within control limit	N/A	

Overall Assessment

The findings with respect to the quality assurance/quality control (QA/QC) data do not adversely affect the use of the analytical results for purposes of confirmatory sampling.

<u>Laboratory control sample</u> – Control limits met?	Yes	
<u>Laboratory duplicate samples (if applicable)</u> – Control limits met?	Yes	
<u>Field duplicate samples (if submitted)</u> – Relative percent differences within control limit	N/A	

Notes:

1 – The container label for the following sample did not match the information listed on the Chain-of-Custody (COC): GTP36B-NSW-101713 (580-40905-6). The container label lists sample ID of GTP36B-NSW-101713. The COC lists sample ID of GTP3B-NSW-101713. The client was contacted and notified the lab via email on 10/21/2013 that the correct sample ID is GTP36B-NSW-101713. The sample ID was corrected to match the sample label.

Overall Assessment

The findings with respect to the quality assurance/quality control (QA/QC) data do not adversely affect the use of the analytical results for purposes of confirmatory sampling.

<u>Matrix spikes/matrix spike duplicate samples</u> – Control limits met?	Yes	
<u>Surrogate percent recoveries</u> – Control limits met?	Yes	
<u>Laboratory control sample</u> – Control limits met?	Yes	
<u>Laboratory duplicate samples (if applicable)</u> – Control limits met?	Yes	See note #2.
<u>Field duplicate samples (if submitted)</u> – Relative percent differences within control limit	N/A	

Notes:

1 – The Chain-of-Custody (COC) was incomplete as received and/or improperly completed. Sample MSB-SW-11-111914 included one container, the COC listed two containers. The container labels for the following samples did not match the information listed on the COC: MSB-BS-11-112014 and MSB-SW-112014. Container labels listed sample collection times of 16:05 and 16:10, while the COC listed collection times of 14:05 and 14:10.

2 – In analysis batch 177101, the sample duplicate (DUP) precision was outside control limits. Sample matrix interference and/or non-homogeneity are suspected because the associated laboratory control sample/laboratory control sample duplicate (LCS/LCSD) precision was within acceptance limits.

Overall Assessment

The findings with respect to the quality assurance/quality control (QA/QC) data do not adversely affect the use of the analytical results for purposes of confirmatory sampling.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Property Damage Indemnification & Release

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, hardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. When washing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact with high clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User fees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Avoid breathing dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. Hot Asphalt emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective heavy gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building utility pipelines or cables, telephone lines, driveway or other appurtenances, at

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

The addition of any extra products to our mixer may void any warranty expressed or implied by the seller. The seller accepts no liability for any personal injury incurred by you while adding additional products to our mixer.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in everyway that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at:

and RELEASE the seller and its employees from any liability.

Signature of Owner or its Agent

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. Hot Asphalt emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Property Damage Indemnification & Release

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. Indirect contact with concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe soreness. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. Hot Asphalt emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. Hot Asphalt emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with _____ inch slump. Test cylinders taken
Added _____ gal water at customer request.

Other additions _____
Received by **X**

Buyer's Agent receipt of product and approval of any added items.
The addition of any extra products to our mixer may void any warranty expressed or implied by the seller. The seller accepts no liability for any personal injury incurred by you while adding additional products to our mixer.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at:

and RELEASE the seller and its employees from any liability.

Signature of Owner or its Agent

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, hardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. When finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact with concrete is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User must convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's Agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with inch slump. 
 Added gal water at customer request. Test cylinders taken

Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. When washing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact with concrete is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe eye irritation. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User should be taken to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective clothing (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Property Damage Indemnification & Release
The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at

concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. When finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures when handling this product. Hot Asphalt emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with _____ inch slump. Test cylinders taken
Added _____ gal water at customer request.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using. Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. Hot Asphalt emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Property Damage Indemnification & Release

Concrete. Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. Hot Asphalt emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at:

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

Arrived at job with _____ inch slump.

Concrete - Injurious to eyes Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. When finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with _____ inch slump. Test cylinders taken

Added _____ gal water at customer request.

Other additions _____

Received by **X** Buyer's Agent receipt of product and approval of any added items.

The addition of any extra products to our mixer may void any warranty expressed or implied by the seller. The seller accepts no liability for any personal injury incurred by you while adding additional products to our mixer.

Property Damage Indemnification & Release
The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances: at

and RELEASE the seller and its employees from any liability.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. When finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with _____ inch slump. Test cylinders taken
 Added _____ gal water at customer request.

concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. When finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. **Aggregates:** Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with _____ inch slump.

Test cylinders taken

Added _____ gal water at customer request.

Other additions _____

Received by **X**

Buyer's Agent receipt of product and approval of any added items.

The addition of any extra products to our mixer may void any warranty expressed or implied by the seller. The seller accepts no liability for any personal injury incurred by you while adding additional products to our mixer.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at:

and RELEASE the seller and its employees from any liability.

Signature of Owner or its Agent

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. When finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. **Aggregates:** Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with _____ inch slump.

Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. When finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. **Aggregates:** Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with 12 inch slump. Test cylinders taken
 Added 10 gal water at customer request.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using. Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. Finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. Hot Asphalt emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

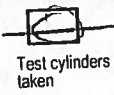

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

Arrived at job with 2 inch slump.

After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. Hot Asphalt emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using. Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. When finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact with rough clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. After finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. Hot Asphalt emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at:

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at:

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. When finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. Hot Asphalt emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. When finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. **Aggregates:** Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with _____ inch slump.

Test cylinders taken

Added _____ gal water at customer request.

Other additions _____

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at:

_____ and RELEASE the seller and its employees from any liability.

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with _____ inch slump.

Test cylinders taken

Added _____ gal water at customer request.

Other additions _____

Received by **X**

Buyer's Agent receipt of product and approval of any added items.

The addition of any extra products to our mixer may void any warranty expressed or implied by the seller. The seller accepts no liability for any personal injury incurred by you while adding additional products to our mixer.

The addition of any extra products to our mixer may void any warranty expressed or implied by the seller. The seller accepts no liability for any personal injury incurred by you while adding additional products to our mixer.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at:

and RELEASE the seller and its employees from any liability.

Signature of Owner or its Agent

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with _____ inch slump. Test cylinders taken

Added _____ gal water at customer request.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. Hot Asphalt emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with _____ inch slump.

Added _____ gal water at customer request.

Test cylinders taken

Other additions _____

Received by **X**

Buyer's Agent receipt of product and approval of any added items.

The addition of any extra products to our mixer may void any warranty expressed or implied by the seller. The seller accepts no liability for any personal injury incurred by you while adding additional products to our mixer.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at:

and RELEASE the seller and its employees from any liability.

Signature of Owner or its Agent

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using. Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. When finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with _____ inch slump. Test cylinders taken
Added _____ gal water at customer request.
Other additions _____

Received by X _____
Buyer's Agent receipt of product and approval of any added items.

The addition of any extra products to our mixer may void any warranty expressed or implied by the seller. The seller accepts no liability for any personal injury incurred by you while adding additional products to our mixer.

Property Damage Indemnification & Release
The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at:

and RELEASE the seller and its employees from any liability.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with 2 inch slump.

Test cylinders taken

Added 1 gal water at customer request.

Other additions _____

Received by X Strider
Buyer's Agent receipt of product and approval of any added items.

The addition of any extra products to our mixer may void any warranty expressed or implied by the seller. The seller accepts no liability for any personal injury incurred by you while adding additional products to our mixer.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. **Aggregates:** Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with _____ inch slump.

Added _____ gal water at customer request.

Other additions _____

Received by **X**
Buyer's Agent receipt of product and approval of any added items.

The addition of any extra products to our mixer may void any warranty expressed or implied by the seller. The seller accepts no liability for any personal injury incurred by you while adding additional products to our mixer.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland-Cement. Read the following warning before using. Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. When finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact with rough clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, hardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. When finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact with rough clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. Hot Asphalt emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with _____ inch slump.

Test cylinders taken

Added _____ gal water at customer request.

Other additions _____

Received by Buyer's Agent receipt of product and approval of any added items.

The addition of any extra products to our mixer may void any warranty expressed or implied by the seller. The seller accepts no liability for any personal injury incurred by you while adding additional products to our mixer.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at

and RELEASE the seller and its employees from any liability.

Signature of Owner or its Agent

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. **Aggregates:** Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with _____ inch slump.

Added _____ gal water at customer request.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at:

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using. Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. When finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact with rough clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with _____ inch slump

Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. **Aggregates:** Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with 13 inch slump. Test cylinders taken

Added 10 gal water at customer request.

Other additions _____

Received by X STRIDER

Buyer's Agent receipt of product and approval of any added items.

The addition of any extra products to our mixer may void any warranty expressed or implied by the seller. The seller accepts no liability for any personal injury incurred by you while adding additional products to our mixer.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using. Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. When finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Concrete Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, hardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. When finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact with rough clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at:

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. After finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. Hot Asphalt emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with _____ inch slump.

Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with 1 1/2 inch slump. Test cylinders taken

Added 2 gal water at customer request.

Other additions _____

Received by X STRIDER

Buyer's Agent receipt of product and approval of any added items.

The addition of any extra products to our mixer may void any warranty expressed or implied by the seller. The seller accepts no liability for any personal injury incurred by you while adding additional products to our mixer.

Property Damage Indemnification & Release
 The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at:

and RELEASE the seller and its employees from any liability

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. When finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. Hot Asphalt emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with _____ inch slump

Added _____ gal water at customer request.

Thank You! We appreciate your business.

Account is due in full on the 10th of the month following purchases. A LATE charge of 1 1/2 % per month, which is an annual percentage rate of 18 % or \$ 2.00 whichever is greater, will be charged on all accounts not paid by the 25th of the month following purchases.

Concrete: Injurious to eyes. Causes skin irritation. Contains unhardened concrete, mortar, cement or cement mixtures can cause irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort in case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children. User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt:** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves), if burned, cool with water and see a physician.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using. Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause severe irritation, severe chemical burns, or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. Hot Asphalt: emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

CUSTOMER

Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. **KEEP** out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. **KEEP** out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. **Aggregates:** Prolonged inhalation of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt:** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's Agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with 11 inch slump. Test cylinders taken

Received by [Signature]
Buyer's Agent receipt of product and approval of any added items.

The addition of any extra products to our mixer may void any warranty expressed or implied by the seller. The seller accepts no liability for any personal injury incurred by you while adding additional products to our mixer.

Property Damage Indemnification & Release
The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at

and RELEASE the seller and its employees from any liability.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a long-sleeved, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. In direct contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. **KEEP** out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged inhalation of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt:** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. In direct contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt:** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, etc.

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

Arrived at job with 10:40 inch slump. Test cylinders taken

Added 1 gal water at customer request.

Property Damage Indemnification & Release
The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at:

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

The addition of any extra products to our mixer may void any warranty expressed or implied by the seller. The seller accepts no liability for any personal injury incurred by you while adding additional products to our mixer.

and RELEASE the seller and its employees from any liability.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement solutions can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous as promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement residues.

Aggregates: Prolonged inhalation of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, full-length trousers and tight fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. Hot Asphalt: emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. **KEEP** out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged irritations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeved, full-length trousers and tight-fitting eye protection when working with the materials. If you have to stand in wet concrete, use waterproof boots. If you are working with concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Arrived at job with _____ inch slump.

Added _____ gal water at customer request

Test cylinders taken

Other additions _____

Received by **X** _____

Buyer's Agent receipt of product and approval of any added items.

The addition of any extra products to our mixer may void any warranty expressed or implied by the seller. The seller accepts no liability for any personal injury incurred by you while adding additional products to our mixer.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at _____

and RELEASE the seller and its employees from any liability.

Signature of Owner or its Agent

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeved shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots. Be tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeved, full-length trousers and tight-fitting eye protection when working with the materials. If you have to stand in wet concrete, use waterproof boots. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. Hot Asphalt emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

Arrived at job with _____ inch slump.

Added _____ gal water at customer request.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeved, full-length trousers and tight-fitting eye protection when working with the materials. If you have to stand in wet concrete, use waterproof boots. Wear tight at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures.

Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. **Hot Asphalt** emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeved shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. Hot Asphalt: emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at:

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

Arrived at job with _____ inch slump. Test cylinders taken
Added _____ gal water at customer request.
Other additions _____

Received by X
Buyer's Agent receipt of product and approval of any added items.

and RELEASE the seller and its employees from any liability.

Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeve shirt, long length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are 12 inches high at the top and high enough to keep concrete from flowing into them. If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! Concrete: Injurious to eyes. Causes skin irritation. Contains Portland Cement. Read the following warning before using: Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully-buttoned, long-sleeved shirt, full-length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots. If you are tight at the top and high enough to keep concrete from flowing into the... If finishing concrete, wear knee pads to protect knees. After contact with any of these materials, wash off immediately with fresh, clean water. Indirect contact through clothing is as dangerous so promptly rinse these materials from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In case of eye contact, flush with plenty of water for at least 15 minutes. Consult physician immediately. KEEP out of reach of children! User agrees to convey this warning to all persons who may use or come into contact with wet (unhardened) concrete, mortar, cement or cement mixtures. Aggregates: Prolonged inhalations of dust from a gravel product may be hazardous to your health. Measures to control fugitive dust should be taken when handling this product. Hot Asphalt emits nuisance fumes. Avoid breathing fumes. Also, Asphalt may cause severe burns. Wear protective safety gear (long sleeves, pants and gloves). If burned, cool with water and see a physician.

Water added at customer's own risk. Additional water added to concrete will reduce its strength. Buyer's agent agrees to accept responsibility for reduced strength due to water added above design.

Property Damage Indemnification & Release

The operator of this piece of heavy equipment, in presenting this RELEASE to you for your signature, is of the opinion that the operation of this machinery in the manner required to perform our contract with you may possibly cause damage to the premises or property. It is our wish to help you in every way that we can, but in order to do this, the operator is asking that you sign this RELEASE. In consideration of the performance of the seller of its contract with me, I the undersigned, hereby INDEMNIFY the seller and its employees for any damage and for all claims to the premises, building, utility pipelines or cables, telephone lines, driveway or other appurtenances, at:

Unloading & Standby Excess unloading will be charged at posted truck time rates. Truck standby time charged at posted truck time rates.

Limited Warranty The only liability of the seller for product defect is the return of the purchase price. In no event shall the seller be liable for any direct, indirect, incidental or consequential damages resulting from the use of the products or arising out of breach of any warranty. All claims for damages or shortages must be made within 24 hours of delivery. We do not assume responsibility for any damage beyond the curb line.

Arrived at job with _____ inch slump.

Certification No. W-14398
Billing Acct. No. 1935
Product Code 34

BILL OF LADING
Contaminated Soil

REGIONAL DISPOSAL COMPANY
54 S. Dawson Street
Seattle, WA 98134
Telephone: (206) 332-7700 / Fax: (206) 332-7600

This Bill of Lading augments the Master Service Agreement ("Agreement") entered into by BNSF
(Generator/Agent) and Regional Disposal Company ("RDC") on 2/19/15 (date). The terms herein are made a
part of the Agreement. In the event of conflict between this Bill of Lading and the Agreement, the terms of the
Agreement prevail.

RDC hereby authorizes the Wastes ("Waste") described in Certification No. W-14398 signed by Generator/Agent
on 2/19/15 (date), for disposal at Roosevelt Regional Landfill. Contractor shall present a copy of this Bill of
Lading with each shipment delivered.

Location of Waste: Parkwater, WA

Method of Shipment: Sunshine

Additional Fees (e.g., laboratory fees, transportation fees, special handling fees, etc. If none, so state):

PERFORMANCE DATE

FOR RDC TRANSPORTATION: Generator shall make the Waste available for shipment no later than _____ (date). RDC shall transport the Waste no later than _____ (date), unless RDC notifies the Generator in writing that Waste transport shall be suspended or canceled due to RDC's exercise of its right to inspect or analyze the Waste (as provided in the Agreement).

FOR GENERATOR TRANSPORTATION: Agent shall begin delivery of the Waste at [check one]:
 Roosevelt Regional Landfill. Seattle Transfer Station located at Third and Landor.
