Re: Application Acceptance – Voluntary Cleanup Program

• **Site name:** Maralco

• **Site address:** 7730 S 202nd Street, Kent, Washington 98032

Facility/Site ID: 2067
Cleanup Site ID: 5055
VCP Project ID: NW3339

Dear Kyle Sietawitch:

The Department of Ecology (Ecology) accepted your application to the Standard process of the Voluntary Cleanup Program (VCP) for the Maralco facility (Site). We applied your initiative and welcome your interest in the VCP. This letter provides important information on how we will review your VCP cleanup project (Project) at the Site.

Agreement

We completed and signed your Standard VCP agreement for the project on June 9, 2022. This date is the effective date of the agreement. Enclosure A includes a copy of your signed agreement.

Kyle Sietawitch June 16, 2022 Page 2

Identification Numbers

We have assigned a unique name and number to your Site. We have also assigned a unique number to your Project at the Site. This information is at the bottom of the first page of the VCP agreement (Enclosure A). When contacting us, please reference this information to identify your Project.

Communications

For the duration of the Project, Ecology will communicate directly with your designated project manager. Please direct your communications to the site manager we assigned to your Project. Both contacts are identified below.

Ecology's Site Manager

We assigned the following site manager as our point of contact for your Project:

Kim Vik
Toxics Cleanup Program, NWRO
Department of Ecology
PO Box 330316
Shoreline WA 98133-9716

Phone: (206) 594-0132 E-mail: <u>kvik461@ecy.wa.gov</u>

Customer's Project Manager

Unless otherwise requested, we will communicate only with you, the project manager you listed on your VCP application form. If someone replaces you as project manager, or your contact information changes, please submit a completed Change of Contact form.¹

Request for Written Opinion

In your application, you requested a written opinion on the sufficiency of your documents. We will review your submitted document(s) and expect to provide a written response within approximately 90 days.

¹ http://www.ecy.wa.gov/programs/tcp/vcp/vcpmain.htm

Reporting Requirements

When requesting written opinions on planned or completed remedial actions, you must comply with the following reporting requirements to avoid unnecessary delays in the VCP process:

- **Licensing.** You must submit documents containing geologic, hydrogeologic, or engineering work under the seal of an appropriately licensed professional, as required by chapters 18.220² and 18.43³ RCW.
- Data Submittal. You must submit environmental data to our <u>Environmental Information</u> <u>Management</u> (EIM) system.⁴ <u>Enclosure B</u> includes a copy of the <u>Toxics Cleanup Program</u> <u>Policy 840</u>,⁵ which describes data submittal requirements. Visit the <u>EIM Submit Data</u> <u>webpage</u> for submittal instructions.

Payment

Ecology will send monthly invoices to the billing contact listed in your VCP application form. Payment is due within 30 calendar days of the invoice date. Our invoice will include a summary of costs incurred, payments received, names of staff billing to the project, and the time spent on the project during the previous month.

If you replace your billing contact or their contact information changes, you must submit a completed change of contact form.

Site Status

Under the Model Toxics Control Act (MTCA), Ecology maintains a list of contaminated sites. Based on your VCP application, Ecology has determined that remedial action is required at the Site under MTCA and has added the Site to the list. Your cooperation in planning or conducting remedial actions at the Site is appreciated and is not an admission of guilt or liability. This "Early Notice" is required under WAC 173-340-310(6)(b).

Contact Information

We are committed to working with you to reach the prompt and effective cleanup of your Site. If you have any questions, please contact your Site Manager Kim Vik at (206) 594-0132 or at her e-mail at kvik461@ecy.wa.gov.

Sincerely,

Sonia Fernández VCP Coordinator

Toxics Cleanup Program, NWRO

Voluntary Cleanup Program Agreement

Washington State Department of Ecology Toxics Cleanup Program

| For completion by Ecology only | Facility/Site Name: | Maralco |
|--------------------------------|---------------------|---------|
| | Facility/Site No.: | 2067 |
| | VCP Project No.: | NW3339 |

Instructions

| Customer's name and the page. If your Application | ne Site's address on the first is accepted, then Ecology | t of your Application. Before submitting, enter the st page, and sign the Agreement on the second will do the following: 1) identify the Site and VCP and 3) send you a copy of the completed Agreement. |
|---|---|--|
| This document constitut (Ecology) and | . • | n the State of Washington Department of Ecology (Customer) to provide informal site-specific |
| technical consultations and associated with the | • | nup Program (VCP) for the Site identified below 7730 South 202nd Street, Kent, WA 98032 |
| The purpose of this Agr | eement is to facilitate inde | ependent remedial action at the Site. Ecology is |

The purpose of this Agreement is to facilitate independent remedial action at the Site. Ecology is entering into this Agreement under the authority of the Model Toxics Control Act (MTCA), chapter 70A.305 RCW, and its implementing regulations, chapter 173-340 WAC. If a term in this Agreement is defined in MTCA or chapter 173-340 WAC, then that definition shall govern.

Services Provided by Ecology

Upon request, Ecology agrees to provide the Customer informal site-specific technical consultations on the independent remedial actions proposed for or performed at the Site consistent with WAC 173-340-515(5). Those consultations may include assistance in identifying applicable regulatory requirements and opinions on whether the remedial actions proposed for or conducted at the Site meet those requirements.

Ecology may use any appropriate resource to provide the Customer with the requested consultative services. Those resources may include, but shall not be limited to, those of Ecology and the Office of the Attorney General. However, Ecology shall not use independent contractors unless the Customer provides Ecology with prior written authorization.

In accordance with RCW 70A.305.170, any opinions provided by Ecology under this Agreement are advisory only and not binding on Ecology. Ecology, the state, and officers and employees of the state are immune from all liability. Furthermore, no cause of action of any nature may arise from any act or omission in providing, or failing to provide, informal advice and assistance under the VCP.

Payment for Services by Customer

The Customer agrees to pay all costs incurred by Ecology in providing the informal site-specific technical consultations requested by the Customer consistent with WAC 173-340-515(6) and 173-340-550(6). Those costs may include the costs incurred by attorneys or independent contractors used by Ecology to provide the requested consultative services. Ecology's hourly costs shall be determined based on the method in WAC 173-340-550(2).

Ecology shall mail the Customer a monthly itemized statement of costs (invoice) by the tenth day of each month (invoice date) that there is a balance on the account. The invoice shall include a summary of the costs incurred, payments received, identity of staff involved, and amount of time staff spent on the project.

The Customer shall pay the required amount by the due date, which shall be thirty (30) calendar days after the invoice date. If payment has not been received by the due date, then Ecology shall withhold any requested opinions and notify the Customer by certified mail that the debt is past due.

If payment has not been received within sixty (60) calendar days of the invoice date, then Ecology shall stop all work under the Agreement and may, as appropriate, assign the debt to a collection agency under chapter 19.16 RCW. The Customer agrees to pay the collection agency fee incurred by Ecology in the course of debt collection.

Reservation of Rights / No Settlement

This Agreement does not constitute a settlement of liability to the state under MTCA. This Agreement also does not protect a liable person from contribution claims by third parties for matters addressed by the Agreement. The state does not have the authority to settle with any person potentially liable under MTCA except in accordance with RCW 70A.305.040(4). Ecology's signature on this Agreement in no way constitutes a covenant not to sue or a compromise of any Ecology rights or authority.

Ecology reserves all rights under MTCA, including the right to require additional or different remedial actions at the Site should it deem such actions necessary to protect human health and the environment, and to issue orders requiring such remedial actions. Ecology also reserves all rights regarding the injury to, destruction of, or loss of natural resources resulting from the release or threatened release of hazardous substances at the Site.

Effective Date, Modifications, and Severability

The effective date of this Agreement shall be the date on which this Agreement is signed by the Toxics Cleanup Program's Section Manager or delegated representative. This Agreement may be amended by mutual agreement of Ecology and the Customer. Amendments shall be in writing and shall be effective when signed by the Toxics Cleanup Program's Section Manager or delegated representative. If any provision of this Agreement proves to be void, it shall in no way invalidate any other provision of this Agreement.

Termination of Agreement

Either party may terminate this Agreement without cause by sending written notice by U.S. mail to the other party. The effective date of termination shall be the date Ecology sends notice to the Customer or the date Ecology receives notice from the Customer, whichever occurs first. Unless otherwise directed, issuance of a No Further Action opinion, either for the Site as a whole or for a portion of the real property located within the Site, shall constitute notice of termination by Ecology.

Under this Agreement, the Customer is only responsible for costs incurred by Ecology before the effective date of termination. However, termination of this Agreement shall not affect any right Ecology may have to recover its costs under MTCA or any other provision of law.

Representations and Signatures

The undersigned representative of the Customer hereby certifies that he or she is fully authorized to enter into this Agreement and to execute and legally bind the Customer to comply with the Agreement.

VCP Application Standard and Expedited Processes

Washington State Department of Ecology
Toxics Cleanup Program

Application Form

The Department of Ecology (Ecology) may provide informal, site-specific, technical consultations to persons conducting independent remedial actions at contaminated sites under the <u>Voluntary Cleanup Program</u> (VCP).¹ Ecology may provide the consultations under either the **Standard VCP** process or the **Expedited VCP** process.

| Check the box |
|-----------------------|
| of the process |
| you are applying for: |
| Standard VCP ■ |
| ■ Expedited VCP |
| |

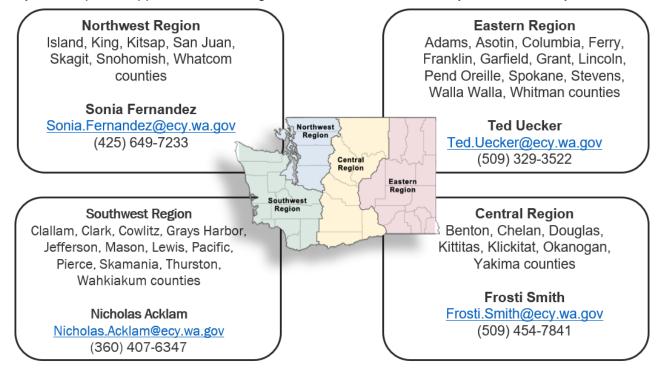

Apply to the Standard VCP process

To apply for the Standard VCP process, you must submit to Ecology all the following:

- VCP application form, completed and signed this form
- VCP agreement form,² signed by applicant
- Agency determination checklist,³ completed.

To request an opinion on a planned or completed remedial action, you **must** complete **Part 1.F** in this form. Submit with this application one searchable pdf file and one hard copy of each report you want us to review. See our report requirements on our <u>Working with the Voluntary Cleanup Program webpage</u>.⁴

Send your completed application to our regional contact listed, based on your site's county.

¹ https://www.ecy.wa.gov/VCP

² https://fortress.wa.gov/ecy/publications/SummaryPages/ecy070324.html

³ http://ecyapfass/Biblio2/SummaryPages/ECY070620.html

⁴ https://ecology.wa.gov/Spills-Cleanup/Contamination-cleanup/Voluntary-Cleanup-Program/Working-with-VCP

Apply to the Expedited VCP process

You may apply for the **Expedited VCP** process only during periods specified by Ecology. To see when Ecology is accepting **Expedited VCP** applications, see the <u>Expedited VCP process webpage</u>⁵ or subscribe to our **Expedited VCP** email list.

To apply for the Expedited VCP process, you must submit to Ecology all the following:

- VCP application form, completed and signed ← this form
- Voluntary Cleanup Program Expedited Process agreement,6 signed by applicant
- Agency determination checklist, completed
- Remedial investigation report or equivalent, meeting the elements of our <u>remedial investigation</u> <u>checklist</u>, and other reports you want us to review (one searchable pdf file and one hard copy each)
- Electronic environmental data submitted to the <u>Environmental Information Management</u> (EIM) system,⁷ which provides automatically generated email as confirmation
- Project schedule.

See the <u>Voluntary Cleanup Program (VCP)</u>: <u>Guidance for the Expedited VCP Process</u>⁸ for additional information.

To submit your **Expedited VCP** application to Ecology, upload electronic files to <u>Box.com</u>,⁹ after creating your online account:

Sarah Wollwage, Expedited VCP Planner Toxics Cleanup Program Department of Ecology PO Box 47600 Lacey, WA 98504-7600

Do not send your **Expedited VCP** application materials to an Ecology regional office.

You **must pay** the **nonrefundable application fee** within seven calendar days of receiving our invoice, or we may reject your **Expedited VCP** application. After receiving the complete application, we will send the invoice to the email listed for the project billing contact in **Part 1.C** of this form. We will not process your application until we have received payment. Contact Sarah Wollwage at <u>Sarah Wollwage@ecy.wa.gov</u> or (360) 407-7141 for additional information.

Voluntary Cleanup Program

Washington State Department of Ecology Toxics Cleanup Program

Agency Determination Checklist

How to use this checklist

This checklist helps you determine which Washington State technical assistance program to apply for:

- **Department of Ecology** (Ecology)
 - Voluntary Cleanup Program (VCP)
- Pollution Liability Insurance Agency (PLIA)
 - o Petroleum Technical Assistance Program (PTAP)
 - Heating Oil Technical Assistance Program (HOTAP).

Ecology will not accept VCP applications for independent cleanup projects eligible for a PLIA program. PLIA provides technical assistance for releases of petroleum or heating oil from tank systems. PLIA is a separate agency and not an Ecology program.

This determination does not guarantee acceptance into the VCP. Ecology may decide to supervise remedial action at the site under an order or decree, based on site-specific conditions.

What these programs provide

Ecology and PLIA may provide informal, site-specific, technical consultations for independent cleanup actions. Each can provide such consultations under the Model Toxics Control Act (MTCA), chapter 70A.305 RCW, and its implementing regulations chapter 173-340 WAC and RCW 70A.330.040(9).

Applying to Ecology's VCP

You can apply for one of two VCP processes: Standard VCP process and Expedited VCP process. The eligibility requirements for the Standard VCP process and Expedited VCP process are listed on the Standard VCP webpage¹ and the Expedited VCP webpage,² respectively.

- 1. **Standard VCP process:** Complete your Standard VCP application, which **must** include all required materials listed in the VCP application form, following its instructions. Submit your completed application to the appropriate Ecology regional office, based on your site's <u>county</u>.³
- Expedited VCP process: Complete your Expedited VCP application, which must include all required materials listed in the VCP application form, following its instructions. Subscribe to the Expedited VCP email list to receive notices and updates of when Ecology opens or closes its application periods.

¹ https://ecology.wa.gov/VCP

² https://ecology.wa.gov/Spills-Cleanup/Contamination-cleanup/Voluntary-Cleanup-Program/VCP-Expedited

³ https://ecology.wa.gov/About-us/Get-to-know-us/Contact-us/Regional-contacts

Applying to PLIA's HOTAP or PTAP

Follow PLIA's application instructions on the PLIA website⁴ when applying for HOTAP or PTAP.

Part 1 - Administration

| Tart i Administration |
|---|
| 1.A. Fill in the applicant name and application submission date: |
| Applicant name: |
| Application submission date: |
| 1.B. Final agency determination of eligibility |
| Complete this Part 1.B, after reviewing site eligibility in Parts 2 through 6 in this form: |
| Apply for Ecology's VCP |
| Apply for PLIA's PTAP or HOTAP |
| Part 2 – Non-heating oil petroleum tank release sites |

PLIA has responsibility for some non-heating-oil petroleum tank release sites (i.e., storage tank systems that contain petroleum or a mixture of petroleum with de minimus quantities of other substances) meeting inclusionary/exclusionary factors developed jointly by Ecology and PLIA. in accordance with RCW 70A.330.040(9).

Non-heating-oil petroleum includes, but is not limited to, petroleum and petroleum-based substances comprised of a complex blend of hydrocarbons, such as motor fuels, jet fuels, distillate fuel oils, residual fuel oils, lubricants, petroleum solvents, and used/waste oils.

Non-heating-oil petroleum does **not** include propane, asphalt, or other petroleum products that are not liquid at standard conditions of temperature and pressure.

| l 1 | Site is a non-heating-oil petroleum storage tank release sit | 1 |
|-----|--|----|
| l 1 | Site is a non-nealing-on perioleum storage tank release sit | rc |

If you checked this box, move to Part 4. Otherwise, STOP. Apply for Ecology's VCP.

Part 3 – Heating oil tank release sites

As of July 23, 2017, Ecology and PLIA policies dictate that independent remedial actions at heating oil tank release sites can best serve Washington residents, and provide greater flexibility and capacity for cleanup of contaminated sites, when conducted under PLIA's HOTAP.

Heating oil includes petroleum products used for space heating in oil-fired furnaces, heaters, and boilers, and includes stove oil, diesel fuel, or kerosene.

Heating oil does not include petroleum products used as fuels in motor vehicles, marine vessels, trains, buses, aircraft, or any off-highway equipment not used for space heating, or for industrial processing, or generating electrical energy.

| 4 p | lıa. | wa | .go | ٥V |
|-----|------|----|-----|----|
|-----|------|----|-----|----|

3.A. Heating oil tank release sites

PLIA is responsible for heating oil tank release sites, with the exception of sites that meet both requirements in Part 3.B. This site is an abandoned, active, or decommissioned heating oil tank release site (including tanks above ground, below ground, or in a basement). If you checked this box, move to Part 3.B. Otherwise, skip to Part 4. 3.B. **Comingled contamination** If comingled contamination exists at your site, your site is no longer considered a heating oil tank release site, but you may apply for Ecology's VCP or PLIA's PTAP. Comingled contamination exists at your site. If you checked this box, move to Part 4. Otherwise, skip to Part 3.C. Heating oil tank release site exemptions Ecology and PLIA may agree to allow Ecology to make heating oil tank release site determinations for releases that involve sites already being cleaned up under Ecology's authority. The heating oil tank release occurred at a site already being cleaned up under Ecology's authority. Ecology and PLIA have agreed that Ecology can make a heating oil tank release site determination for this site. If you checked either box, STOP. Apply for Ecology's VCP. If you did **not** check either box, **STOP**. Visit <u>PLIA's website</u> to apply for HOTAP. Part 4 – Inclusionary factors Ecology and PLIA have jointly developed inclusionary factors for non-heating-oil petroleum tank release sites. If a non-heating-oil petroleum tank release site meets any of the factors in Parts 4.A and 4.B, you may apply for PLIA's PTAP (depending on results from completing Part 5). Ranking and inclusionary factors 4.A. The following inclusionary factors are based on the Washington Ranking Method (WARM) Scoring Manual.5 The site has been ranked a 3, 4, or 5, based on a WARM Site Hazard Assessment. The site has been ranked a 1 or 2, based on a WARM Site Hazard Assessment but does not include complete surface water or sediment contamination pathways. If you checked either box, move to Part 5. If you did not check either box (site has not been ranked), move to Part 4.B.

5

https://fortress.wa.gov/ecy/publications/SummaryPages/90014.html https://fortress.wa.gov/ecy/publications/SummaryPages/90014.html

4.B. Funding and site type factors

The following inclusionary factors represent applicable factors that may apply, regardless of a site's WARM ranking.

| 1. Fur | nding factors – the site is: |
|-----------------------------|---|
| co | overed by PLIA insurance |
| a | recipient of a PLIA grant or loan. |
| 2. Site | e type factor |
| | ne site involves a release from non-heating-oil petroleum storage tank system(s) and does not include surface water or sediment contamination pathways. |
| If you chec | ked any of these boxes, move to Part 5. |
| If you did n | not check any of these boxes, STOP. Apply for Ecology's VCP. |
| Part 5 | - Exclusionary factors |
| release tar factors in F | nd PLIA have jointly developed exclusionary factors for non-heating-oil petroleum is sites. If a non-heating-oil petroleum release tank site meets any of the exclusionary <u>Part 5</u> , apply for Ecology's VCP. Your project may not be eligible for PLIA's PTAP, conditions stated in <u>Part 5.B</u> are met. |
| 5.A. Lo | cation, legal, funding, VCP, and site type factors |
| 1. Loc | cation factors – the site is within the bounds of or impacting: |
| Па | U.S. Environmental Protection Agency Superfund site |
| ar | n Ecology Nuclear Waste Program-managed site |
| ar | n Ecology Industrial Section site |
| ar | n Ecology Hazardous Waste Toxics Reduction Program Dangerous Waste site. |
| 2. Leg | gal factors |
| A | potentially liable party (PLP) dispute about liability is in progress. |
| | ther litigation regarding your site, such as court supervision or agreed order, in progress. |
| Th | ne site is being remediated under an active control between Ecology and the PLP. |
| 3. Fur | nding factors |
| Si | te remediation is funded, with Ecology as the sole or leading funding agency. |
| — Ad | ne applicant is a local government planning to apply for an Independent Remedial action Grant from Ecology. For information about the grant program, including altural resource consultation requirements, visit our Independent remedial action reants webpage ⁶ . |
