Re: Notice of Third Periodic Review conducted at the following Hazardous Waste Site:

- **Site name:** Hoko Logging Camp
- **Site address:** Hoko Ozette Road, Sekiu, Clallam County, WA 98381
- **Facility/Site ID:** 38613568
- **Cleanup Site ID:** 1501

Dear Mike Leavitt:

This letter serves to inform you that the Department of Ecology (Ecology) conducted the Third Periodic Review at the Hoko Logging Camp Site. The [Model Toxics Control Act \(MTCA\)](#),¹ chapter [70A.305](#)² Revised Code of Washington (RCW), which governs the cleanup of hazardous waste sites in Washington State, requires a periodic review of all sites with institutional controls and environmental covenants be conducted every five years.

The periodic review process includes the following steps:

- Confirmation that the environmental covenant is still active and recorded with the title to the property.
- A review of any monitoring data collected since the cleanup was completed or since the last review was conducted.
- A Site visit to confirm the institutional controls and conditions of the environmental covenant are being followed.
- A 30-day public comment period on the draft periodic review report.

¹ <https://apps.ecology.wa.gov/publications/SummaryPages/9406.html>

² <https://app.leg.wa.gov/RCW/default.aspx?cite=70A.305>

Based on the information collected during this Third periodic review, the Hoko Logging Camp Site appears to meet the requirements of chapter 173-340 Washington Administrative Code (WAC), and the selected remedy continues to be protective of human health and the environment.

The 30-day public comment period on the draft periodic review report ended on April 10, 2022. We received no public comments on the draft periodic review report. Enclosed is the final periodic review report for your information.

A periodic review is performed every five years as long as institutional controls and/or an environmental covenant are required to protect human health and the environment. The next periodic review will be due in April 2027.

If you have any questions or if you would like additional information on the cleanup of hazardous waste sites, please contact me at 360-485-3987 or andrew.smith@ecy.wa.gov. Thank you for your cooperation.

Sincerely,

A handwritten signature in blue ink that reads "Andrew Smith".
