Hello Jeff Bullen, Scott Briggs and Bill Briggs:

The Department of Ecology (Ecology) has reviewed the agency review Feasibility Study Work Plan for Fuel Processors, Inc., dated July 28, 2022, submitted by Cole & Betts Environmental Consulting.

With this letter, Ecology approves the agency review work plan for the preparation of a feasibility study (FS) report. The FS report must meet the requirements in WAC 173-340-350(8).

The purpose of the FS report is to develop and evaluate cleanup action alternatives to enable a cleanup action to be selected for the site under WAC 173-340-360.

The submittal date for the FS report is September 30, 2022. Since I plan to retire at the end of August, submit the FS report to Kerry Graber, [kerry.graber@ecy.wa.gov](mailto:kerry.graber@ecy.wa.gov), (360) 522-0535. Any requests for extension should be send to Kerry two weeks prior to the due date.

If you have any questions prior to my retirement, please contact me at: 360/764-0886.
