Re: SEPA Register 202202141, 2022-01

Dear Robin Priddy:

Thank you for the opportunity to comment on the Determination of Non Significance for the construction of a RNG Facility, proposed by Pine Creek RNG. We have reviewed the documents and have the following comments.

TOXICS CLEAN-UP

The facility addressed in this proposal is a known contaminated site on Ecology's Confirmed and Suspected Contaminant Sites List, Ecology Facility/Site ID # 308; TCP Cleanup Site ID # 4891. This site is involved in a formal legal process leading to cleanup. No actions should be permitted at the site which would interfere with the site assessment and/or cleanup action addressed under that formal action.

If you have any questions or would like to respond to these Toxics Clean-up comments, please contact **Valerie Bound** at (509) 454-7886 or email at valerie.bound@ecy.wa.gov.

Sincerely,

Gwen Clear
