**Re: Quarterly Progress Report – January Through March 2023  
SeaTac Development Site, SeaTac, Washington**

Dear Mr. Atkins:

In accordance with the requirements of the Consent Decree, dated June 21, 2012, for the SeaTac Development Site, SLR International Corporation (SLR), on behalf of SeaTac Investments, LLC and Scarsella Bros., Inc., has prepared this quarterly progress report for the above-referenced site. This report summarizes the work performed from January through March 2023 and summarizes the results of the work; describes the planned activities for April through June 2023; and identifies any problems or delays encountered or anticipated.

### **Work Conducted During This Reporting Period**

- Conducted a quarterly confirmational groundwater monitoring event on January 30 and 31, 2023.
- Prepared a Confirmational Groundwater Monitoring Report for the January monitoring event and submitted the report to the Washington Department of Ecology (Ecology) on March 20, 2023.

### **Results of Sampling, Tests, and Other Data Received from October through December 2022**

The results of the January 2023 groundwater monitoring event showed that all of the groundwater samples contained analyte concentrations that were below the site cleanup levels. This was the third consecutive quarterly monitoring event with the groundwater samples containing analyte concentrations below the cleanup levels.

### **Community Relations**

During the reporting period, there were no contacts with representatives of the local community, public interest groups, press, or federal, state, or tribal governments.

### **Work to be Conducted from April through June 2023**

SLR anticipates that the following activities will occur from April through June 2023 to meet the requirements of the Consent Decree.

- Conduct a quarterly confirmational groundwater monitoring event in April (currently scheduled for April 11<sup>th</sup> and 12<sup>th</sup>).
- Prepare a Confirmational Groundwater Monitoring Report for the April sampling event and submit it to Ecology.

### **Problems Encountered, Anticipated Delays, and Solutions**

During the reporting period, there were no deviations from the approved scope of work or schedule.
