RE: Ecology Comments on Phase 3 Remedial Investigation Report, dated March 2023

- **Site Name:** Simplot Soilbuilders Sunnyside
- **Site Address:** 300 South First Street, Sunnyside
- **Facility Site ID No.:** 76742139
- **Cleanup Site ID No.:** 2558
- **Agreed Order No.:** DE 16446

Dear Katie Krajicek:

Thank you for submitting the above-referenced document. No revision or reissue of the Phase 3 Remedial Investigation Report is requested. Ecology agrees that Simplot should proceed to a Feasibility Study (FS).

Requirements of the FS are set forth in Agreed Order DE 16446,¹ Exhibit B, Task 5, "Feasibility Study." This section indicates "Prior to beginning the FS, a Key Project Meeting will be held to review ARARs, potential remedial alternatives and establish points of compliance." Ecology will work with Simplot to set up a meeting to discuss these items and the schedule for the FS moving forward.

Please contact me at (509) 907-1353 or Rachel.Caron@ecy.wa.gov if you require any clarification of these comments or have further questions.

Sincerely,

Rachel Caron
Site Manager
