Re: Satisfaction of Agreed Order No. DE 12989 for the following Contaminated Site:

Site name Chevron Pipeline Co. Pasco Bulk Terminal
Site address 2900 Sacajawea Park Road, Pasco WA 99301
Cleanup Site ID 4867
Facility/Site ID 55763995

Dear Kyle Waldron:

Thank you for working with the Washington State Department of Ecology (Ecology) on the Chevron Pipeline Co. Pasco Bulk Terminal Site (Site). This letter provides written notification that the remedial investigation and feasibility study required at the Site by Agreed Order No. DE 12989 (Order) under the Model Toxics Control Act (MTCA), Chapter 70.105D RCW, have been satisfactorily completed. The Order became effective on March 23, 2016. This letter also describes the next steps for the Site.

1. Completion of Remedial Actions Required by the Order

Ecology has determined the requirements of the Order have been satisfied. Ecology made this determination pursuant to Section [IX] (Satisfaction of Order).

The investigation required by the Order are specified in Section [VII] (Work to Be Performed). [PLP] was required to conduct a remedial investigation and feasibility study at the Site to be able to select viable cleanup action alternatives at the Site. After inspecting the Site and reviewing the supporting documentation, Ecology has determined that the investigations as described in Section [VII] have been satisfactorily completed.

2. Next Steps at the Site

Ecology has completed a final Cleanup Action Plan (CAP) for the Site. After review and consideration of comments received during the public comment period, Ecology will issue a final Cleanup Action Plan (CAP).

The CAP has been implemented in an agreed order, no. DE 21664. Consequently, negotiations for this agreed order have been completed, and Ecology looks forward to continuing this working relationship.

3. Thank You

Thank you for your efforts toward working to clean up the Site. Should you have any questions, please do not hesitate to contact Ecology's cleanup project manager for this Site, Christer Loftenius, at (509) 385 8380 or christer.loftenius@ecy.wa.gov.

Sincerely,

Nicholas Acklam
Section Manager
