

Blaine Harbor Sites

Documents ready for public review

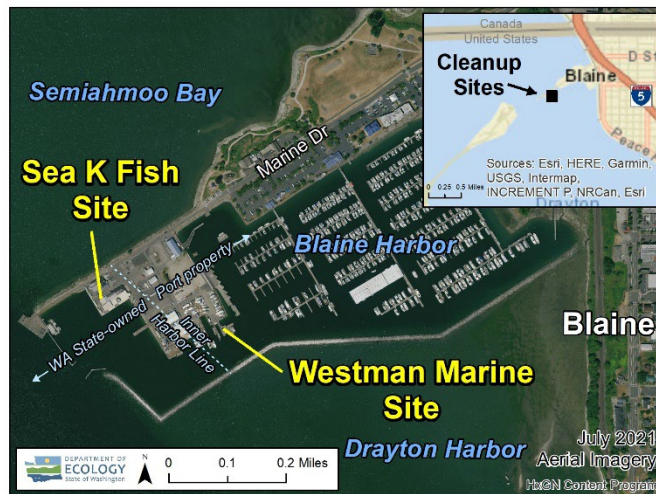

The Department of Ecology (Ecology) invites you to review documents for two cleanup sites in Blaine Harbor. The Port of Bellingham (Port) operates Blaine Harbor and is addressing contamination under the Model Toxics Control Act (MTCA).

Westman Marine Site

- **Cleanup Action Plan:** Ecology's plan that describes the cleanup work to address contamination at the site.
- **Agreed Order:** Legal agreement that requires the Port to develop detailed design documents for work described in the Cleanup Action Plan.
- **State Environmental Policy Act (SEPA)-Determination of Non-Significance:** Ecology determination that the cleanup work is not likely to harm the environment.

Sea K Fish Site

- **Interim Action Work Plan:** Plan for early partial cleanup actions to address contamination at the site.
- **SEPA-Determination of Non-Significance:** Ecology determination that the cleanup work is not likely to harm the environment.
