Re: Eatonville Landfill Site RI/FS Comment Response Schedule Extension

- **Site Name:** Eatonville Landfill
- **Site Address:** Nisqually State Park Entrance, Mashel Prairie Rd, Eatonville, Pierce County, WA 98328
- **Facility/Site No.:** 85933
- **Cleanup Site:** 15271

Dear Luke Thies:

Department of Ecology (Ecology) issued comments on the draft RI/FS on March 21, 2023. In accordance with the Agreed Order No. DE 20072 (AO), the potential liable parties (Weyerhaeuser Company and the Town of Eatonville) shall address the comments and submit a revised draft RI/FS to Ecology within 60 calendar days after receipt of the comments, unless formal request for extension of schedule is submitted within 30 calendar days prior to the expiration of the deadline. Ecology anticipated receipt of the revised RI/FS by May 20, 2023.

Ecology received your April 19, 2023, request for a revised submittal date of June 29, 2023 due to extra time, including additional field work and coordination, needed to address the comments.

Ecology will grant this requested extension and extend the deadline for the revised draft RI/FS until June 29, 2023. This approval of schedule extension was also previously communicated via email¹. It is Ecology's understanding that the extension of schedule will not affect the other remaining deliverables under the AO.

¹ Ecology, RE: Eatonville AO Extension Request. Email to Luke Thies, Weyerhaeuser, April 21, 2023.

Thank you for your efforts to keep this cleanup project moving forward. Please contact me at 360-999-9587 or sam.meng@ecy.wa.gov with any questions or concerns.

Sincerely,

A handwritten signature in black ink, appearing to read 'Sam Meng', with a long horizontal flourish extending to the right.
