Re: Application Acceptance – Voluntary Cleanup Program

- **Site name:** WA DOT Union Gap District Site
- **Site address:** 2809 Rudkin Road, Union Gap
- **Facility/Site ID:** 541
- **Cleanup Site ID:** 4942
- **VCP Project No.:** CE0543

Dear Matt Cox:

The Department of Ecology (Ecology) accepted your application to the Standard process of the Voluntary Cleanup Program (VCP) for the WA DOT Union Gap District Site facility (Site). We applaud your initiative and welcome your interest in the VCP. This letter provides important information on how we will review your VCP cleanup project (project) at the Site.

Agreement

We completed and signed your Standard VCP agreement for the project on June 26, 2023. This date is the effective date of the agreement. A copy of your signed agreement is enclosed.

Identification numbers

We have assigned a unique name and number to your Site. This information is listed on the first page of your Standard VCP agreement (enclosed). When contacting us, please reference this information to identify your project.

Matt Cox
Washington Department of Transportation
June 30, 2023
Page 2

Communications

Unless otherwise requested, we will communicate directly with your project manager, Matt Cox, as listed on your VCP application form. If you replace your project manager or their contact information changes, please submit a completed change of contact form.¹

We have assigned the following site manager as our point of contact for your project:

John Mefford
Toxics Cleanup Program, Central Region
Department of Ecology
1250 W Alder Street
Union Gap, WA 98903
509-731-9613
John.Mefford@ecy.wa.gov

Request for written opinion

In your application, you requested a written opinion on the sufficiency of your planned site investigation. We will review your submitted document and expect to provide a written response within approximately 90 calendar days.

Reporting requirements

When requesting written opinions, you must comply with the following reporting requirements to avoid unnecessary delays in the VCP process:

- **Licensing.** You must submit documents containing geologic and hydrogeologic work and engineering work under the seal of an appropriately licensed professional, as required in chapters 18.220² and 18.43³ RCW, respectively.
- **Data submittal.** You must submit environmental data to our Environmental Information Management (EIM) system.⁴ The Toxics Cleanup Program Policy 840⁵ describes data submittal requirements. Please visit the EIM Submit Data webpage for data submittal instructions.

Payment

We will send monthly invoices to the billing contact listed in your VCP application form. Payment is due within 30 calendar days from the date of each invoice. Our invoices include a summary of costs incurred, payments received, names of staff billing to the project, and the time spent on the project during the previous month.

If you replace your billing contact, or their contact information changes, you must submit a completed change of contact form.

Contact information

We are committed to working with you to reach the prompt and effective Site cleanup. If you have any questions, please contact me at Frosti.Smith@ecy.wa.gov, or call 509-406-5157.

Sincerely,

Frosti Smith

Voluntary Cleanup Program Agreement

Washington State Department of Ecology - Toxics Cleanup Program

For completion by Ecology only	Facility/Site Name: WA DOT Union Gap District Site
	Facility/Site No.: 541
	VCP Project No.: CE0543

Instructions

Submit this Agreement (original) to Ecology as part of your Application. Before submitting, enter the Customer’s name and the Site’s address on the first page, and sign the Agreement on the third page. If your Application is accepted, then Ecology will do the following: 1) identify the Site and VCP project in the box below; 2) sign the Agreement; and 3) send you a copy of the completed Agreement.

This document constitutes an Agreement between the Washington State Department of Ecology (Ecology) and WSDOT (Customer) to provide informal site-specific technical consultations under the Voluntary Cleanup Program (VCP) for the Site identified below and associated with the following address: 2809 RUDKIN RD, Union Gap, WA 98903

The purpose of this Agreement is to facilitate independent remedial action at the Site. Ecology is entering into this Agreement under the authority of the Model Toxics Control Act (MTCA), chapter 70A.305 RCW, and its implementing regulations, chapter 173-340 WAC. If a term in this Agreement is defined in MTCA or chapter 173-340 WAC, then that definition shall govern.

Services Provided by Ecology

Upon request, Ecology agrees to provide the Customer informal site-specific technical consultations on the independent remedial actions proposed for or performed at the Site consistent with WAC 173-340-515(5). Those consultations may include assistance in identifying applicable regulatory requirements and opinions on whether the remedial actions proposed for or conducted at the Site meet those requirements.

Ecology may use any appropriate resource to provide the Customer with the requested consultative services. Those resources may include, but shall not be limited to, those of Ecology and the Office of the Attorney General. However, Ecology shall not use independent contractors unless the Customer provides Ecology with prior written authorization.

In accordance with RCW 70A.305.170, any opinions provided by Ecology under this Agreement are advisory only and not binding on Ecology. Ecology, the state, and officers and employees of the state are immune from all liability. Furthermore, no cause of action of any nature may arise from any act or omission in providing, or failing to provide, informal advice and assistance under the VCP.

Payment for Services by Customer

The Customer agrees to pay all costs incurred by Ecology in providing the informal site-specific technical consultations requested by the Customer consistent with WAC 173-340-515(6) and 173-340-550(6). Those costs may include the costs incurred by attorneys or independent contractors used by Ecology to provide the requested consultative services. Ecology’s hourly costs shall be determined based on the method in WAC 173-340-550(2).

Ecology shall mail the Customer a monthly itemized statement of costs (invoice) by the tenth day of each month (invoice date) that there is a balance on the account. The invoice shall include a summary of the costs incurred, payments received, identity of staff involved, and amount of time staff spent on the project.

The Customer shall pay the required amount by the due date, which shall be thirty (30) calendar days after the invoice date. If payment has not been received by the due date, then Ecology shall withhold any requested opinions and notify the Customer by certified mail that the debt is past due.

If payment has not been received within sixty (60) calendar days of the invoice date, then Ecology shall stop all work under the Agreement and may, as appropriate, assign the debt to a collection agency under chapter 19.16 RCW. The Customer agrees to pay the collection agency fee incurred by Ecology in the course of debt collection.

Reservation of Rights / No Settlement

This Agreement does not constitute a settlement of liability to the state under MTCA. This Agreement also does not protect a liable person from contribution claims by third parties for matters addressed by the Agreement. The state does not have the authority to settle with any person potentially liable under MTCA except in accordance with RCW 70A.305.040(4). Ecology's signature on this Agreement in no way constitutes a covenant not to sue or a compromise of any Ecology rights or authority.

Ecology reserves all rights under MTCA, including the right to require additional or different remedial actions at the Site should it deem such actions necessary to protect human health and the environment, and to issue orders requiring such remedial actions. Ecology also reserves all rights regarding the injury to, destruction of, or loss of natural resources resulting from the release or threatened release of hazardous substances at the Site.

Effective Date, Modifications, and Severability

The effective date of this Agreement shall be the date on which this Agreement is signed by the Toxics Cleanup Program's Section Manager or delegated representative. This Agreement may be amended by mutual agreement of Ecology and the Customer. Amendments shall be in writing and shall be effective when signed by the Toxics Cleanup Program's Section Manager or delegated representative. If any provision of this Agreement proves to be void, it shall in no way invalidate any other provision of this Agreement.

Termination of Agreement

Either party may terminate this Agreement without cause by sending written notice by email or U.S. mail to the other party. The effective date of termination shall be the date Ecology sends notice to the Customer or the date Ecology receives notice from the Customer, whichever occurs first. Unless otherwise directed, issuance of a No Further Action opinion, either for the Site as a whole or for a portion of the real property located within the Site, shall constitute notice of termination by Ecology.

Under this Agreement, the Customer is only responsible for costs incurred by Ecology before the effective date of termination. However, termination of this Agreement shall not affect any right Ecology may have to recover its costs under MTCA or any other provision of law.

Representations and Signatures

The undersigned representative of the Customer hereby certifies that he or she is fully authorized to enter into this Agreement and to execute and legally bind the Customer to comply with the Agreement.

VCP Application Standard and Expedited Processes

Washington State Department of Ecology
Toxics Cleanup Program

Application Form

The Department of Ecology (Ecology) may provide informal, site-specific, technical consultations to persons conducting independent remedial actions at contaminated sites under the [Voluntary Cleanup Program \(VCP\)](#).¹ Ecology may provide the consultations under either the **Standard VCP** process or the **Expedited VCP** process.

Check the box of the process you are applying for:

- Standard VCP**
- Expedited VCP**

Apply to the Standard VCP process

To apply for the **Standard VCP** process, you **must** submit to Ecology all the following:

- VCP application form, completed and signed ← **this form**
- [VCP agreement](#) form,² signed by applicant
- [Agency determination checklist](#),³ completed.

To **request an opinion** on a planned or completed remedial action, you **must** complete **Part 1.F** in this form. Submit with this application one searchable pdf file and one hard copy of each report you want us to review. See our report requirements on our [Working with the Voluntary Cleanup Program webpage](#).⁴

Send your completed application to our regional contact listed, based on your site's county.

<p>Northwest Region Island, King, Kitsap, San Juan, Skagit, Snohomish, Whatcom counties</p> <p>Sonia Fernandez Sonia.Fernandez@ecy.wa.gov (425) 649-7233</p>	<p>Eastern Region Adams, Asotin, Columbia, Ferry, Franklin, Garfield, Grant, Lincoln, Pend Oreille, Spokane, Stevens, Walla Walla, Whitman counties</p> <p>Ted Uecker Ted.Uecker@ecy.wa.gov (509) 329-3522</p>
<p>Southwest Region Clallam, Clark, Cowlitz, Grays Harbor, Jefferson, Mason, Lewis, Pacific, Pierce, Skamania, Thurston, Wahkiakum counties</p> <p>Nicholas Acklam Nicholas.Acklam@ecy.wa.gov (360) 407-6347</p>	<p>Central Region Benton, Chelan, Douglas, Kittitas, Klickitat, Okanogan, Yakima counties</p> <p>Frosti Smith Frosti.Smith@ecy.wa.gov (509) 454-7841</p>

² <https://fortress.wa.gov/ecy/publications/SummaryPages/ecy070324.html>

³ <http://ecyapfaff/Biblio2/SummaryPages/ECY070620.html>

⁴ <https://ecology.wa.gov/Spills-Cleanup/Contamination-cleanup/Voluntary-Cleanup-Program/Working-with-VCP>

Apply to the Expedited VCP process

You may apply for the **Expedited VCP** process only during periods specified by Ecology. To see when Ecology is accepting **Expedited VCP** applications, see the [Expedited VCP process webpage](#)⁵ or subscribe to our **Expedited VCP email list**.

To apply for the **Expedited VCP** process, you **must** submit to Ecology all the following:

- VCP application form, completed and signed ← **this form**
- [Voluntary Cleanup Program Expedited Process agreement](#),⁶ signed by applicant
- [Agency determination checklist](#), completed
- Remedial investigation report or equivalent, meeting the elements of our [remedial investigation checklist](#), and other reports you want us to review (one searchable pdf file and one hard copy each)
- Electronic environmental data submitted to the [Environmental Information Management](#) (EIM) system,⁷ which provides automatically generated email as confirmation
- Project schedule.

See the [Voluntary Cleanup Program \(VCP\): Guidance for the Expedited VCP Process](#)⁸ for additional information.

To submit your **Expedited VCP** application to Ecology, upload electronic files to [Box.com](#),⁹ after creating your online account:

Sarah Wollwage, Expedited VCP Planner
Toxics Cleanup Program
Department of Ecology
PO Box 47600 Lacey, WA 98504-7600

Do not send your **Expedited VCP** application materials to an Ecology regional office.

You **must pay** the **nonrefundable application fee** within seven calendar days of receiving our invoice, or we may reject your **Expedited VCP** application. After receiving the complete application, we will send the invoice to the email listed for the project billing contact in **Part 1.C** of this form. We will not process your application until we have received payment. Contact Sarah Wollwage at Sarah.Wollwage@ecy.wa.gov or (360) 407-7141 for additional information.

Part 1 – Administration

1.A Applicant. The applicant is the person or organization requesting services from Ecology, and is responsible for paying Ecology's incurred costs incurred. The agreement explains the applicant's authority and duty.

Name of applicant: Washington State Department of Transportation

What type of entity is the applicant?

Person

A **person** applicant **must** serve as the project billing contact. Identify this person and their contact information in both **Parts 1.B and 1.C**.

Organization

An **organization** applicant **must** identify the project manager in **Part 1.B** and the project billing contact in **Part 1.C**. The organization **must** employ both persons.

<input type="checkbox"/> county	<input type="checkbox"/> municipal	<input checked="" type="checkbox"/> state
<input type="checkbox"/> other – specify: _____	<input type="checkbox"/> public school	<input type="checkbox"/> mixed
1.F Request for written opinion.		
Are you requesting a written opinion at this time? <input checked="" type="checkbox"/> yes <input type="checkbox"/> no		
If “ yes ”, list the report(s) or plan(s) below you are requesting a written opinion for. Note: Your reports must meet the requirements on our Working with the Voluntary Cleanup Program webpage . ¹⁰		
Work Plan, WSDOT Union Gap Facility Release Investigation, Union Gap, Washington		
Attach to this application additional remedial action reports or plans you want us to review. We will base our opinion on the information in the site file, including information attached to this application.		
1.G Reporting requirements. Comply with the following two reporting requirements when requesting written opinions on planned or completed remedial actions.		
1.G.1 Professional licensing. Documents submitted containing geologic, hydrogeologic, or engineering work must be stamped by of an appropriately licensed professional, as required by Chapters 18.220 and 18.43 RCW.		

¹⁰ <https://ecology.wa.gov/Spills-Cleanup/Contamination-cleanup/Voluntary-Cleanup-Program/Working-with-VCP>

Part 1 – Administration

1.G.2 Data submittal to EIM. You **must** submit all site environmental sampling and analysis data in an electronic format that meets our requirements for transfer into our [EIM](#) system. Refer to our [EIM webpage](#) for instructions on how to apply for an account and submit your data. Failure to comply with these requirements may result in unnecessary delays.

For **Expedited VCP** applications **only**, the study ID and CSV file name **must** both begin with “XVC” in the title. **Do not** use spaces or hyphens in either the study ID or CSV file name.

Have you submitted all the site’s environmental data to EIM? yes no

yes If “**yes**”, enter the study ID and CSV file name below.

no If “**no**”, and data need to be submitted, submit your data to EIM first, and then complete the required information below.

We will not accept your **Expedited VCP** application unless you have satisfied these requirements.

We will not issue a no further action (NFA) opinion, unless you have satisfied these requirements.

2.A Site name. If we have already identified the site, enter the site name we provided. Otherwise, enter a suggested name for the site. You may also include an alternative name.

Name: WSDOT Union Gap Facility (FSID #541), Former Service Station UST Decommissioning (CSID #4942)

Alternative name:

Part 2 – Site description

2.B Source property. The source property is the property where hazardous substances were released into the environment. For example, for an underground storage tank (UST) release, the source property is where the underground storage tank is located that caused the release.

Do you know on which property the releases occurred? yes no

If **“yes”**, refer to the source property when identifying the physical address and geographic position below.

If **“no”**, refer to the property addressed by your cleanup when identifying the physical address and geographic position below.

2.B.1 Physical address. Enter the property’s physical address.

Street address: 2809 Rudkin Road

City: Union Gap

State: WA

Zip: 98903

2.B.2 Geographic position. Enter the property’s geographic position.

2.D Public rights-of-way affected by the releases.	
Do any of the releases affect a public right-of-way (e.g., roadways)? <input type="checkbox"/> yes <input checked="" type="checkbox"/> no <input type="checkbox"/> unknown	
If “yes”, specify below. Otherwise, skip to Part 2.E . If you need to add more information, go to 2.D in the additional information pages at the end of this form.	
2.E Extent of the site.	
What is the approximate areal extent of the site? Check only one .	
<input type="checkbox"/> < 5,000 square feet <input checked="" type="checkbox"/> > 5,000 square feet, < 1 acre <input type="checkbox"/> > 1 acre, < 10 acres <input type="checkbox"/> > 10 acres <input type="checkbox"/> unknown	
2.F Description of site release(s).	
2.F.1 Release source(s).	
What are the source(s) of the release(s) at the site? Check all that apply .	
<input type="checkbox"/> area-wide lead and arsenic soil contamination (see “Area-wide soil contamination” below) <input type="checkbox"/> non-point source (e.g., contaminated soil used as fill) <input checked="" type="checkbox"/> point source (e.g., leaking tank) <input type="checkbox"/> unknown <input type="checkbox"/> other – specify: _____	
Describe below the release source(s). If you need to add more information, go to 2.F.1 in the additional information pages at the end of this form.	
Two USTs (gasoline and diesel) near the Former Service Station at the site were decommissioned and removed in 1989.	
Two USTs (gasoline and diesel) near the Former Service Station at the site were decommissioned and removed in 1989.	
2.F.2 Release circumstances. Describe the release circumstances. If you need to add more information, go to 2.F.2 in the additional information pages at the end of this form.	
The release was discovered at the time of UST decommissioning and removal.	
The release occurred sometime prior to 1989.	

Part 2 – Site description

2.F.3 Release discover circumstances. Describe the release discovery circumstances. If you need to add more information, go to 2.F.3 in the additional information pages at the end of this form.																																																					
Analytical results indicate TPH greater than the generic TPH MTCA CUL of 1,500 mg/kg in 1 sample from the excavation.																																																					
VOCs were less than their respective MTCA Method A CULs.																																																					
Monitoring wells were sampled for 4 consecutive quarters following UST decommissioning;																																																					
TPH, TPH-Gx, TPH-Dx and VOCs were either not detected or detected below MTCA Method A CULs in																																																					
the monitoring wells.																																																					
2.F.4 Area-wide soil contamination. Visit the Dirt Alert Program webpage ¹¹ or see the Management Plan for the Tacoma Smelter Plume project ¹² for information about the area-wide soil contamination projects.																																																					
Is the site in an area affected by smelter emissions, such as from the Tacoma Smelter Plume area? <input type="checkbox"/> yes <input checked="" type="checkbox"/> no <input type="checkbox"/> unknown																																																					
See if the site is within the mapped Tacoma Smelter Plume area .																																																					
Is the site located in a former fruit orchard in operation before 1947? <input type="checkbox"/> yes <input type="checkbox"/> no <input checked="" type="checkbox"/> unknown																																																					
Is the site affected by area-wide arsenic or lead soil contamination? <input type="checkbox"/> yes <input type="checkbox"/> no <input checked="" type="checkbox"/> unknown																																																					
2.G Nature and extent of contamination. The following refers to conditions after the release but before cleanup.																																																					
Hazardous substances and affected media. Identify hazardous substances released and media (e.g., soil) affected by those substances to the extent known. Use the codes at the end of the table.																																																					
<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th rowspan="2" style="width: 40%;">Hazardous substance</th> <th colspan="5">Check affected media</th> </tr> <tr> <th style="width: 10%;">Soil</th> <th style="width: 10%;">Ground-water</th> <th style="width: 10%;">Surface water</th> <th style="width: 10%;">Sediment</th> <th style="width: 10%;">Air</th> </tr> </thead> <tbody> <tr> <td>Ex: benzene</td> <td style="text-align: center;">C</td> <td style="text-align: center;">S</td> <td style="text-align: center;">N/A</td> <td style="text-align: center;">N/A</td> <td style="text-align: center;">B</td> </tr> <tr> <td style="text-align: center;">TPH</td> <td style="text-align: center;">C</td> <td style="text-align: center;">B</td> <td style="text-align: center;">N/A</td> <td style="text-align: center;">N/A</td> <td style="text-align: center;">N/A</td> </tr> <tr> <td style="text-align: center;">Benzene</td> <td style="text-align: center;">O</td> <td style="text-align: center;">B</td> <td style="text-align: center;">N/A</td> <td style="text-align: center;">N/A</td> <td style="text-align: center;">N/A</td> </tr> <tr> <td style="text-align: center;">Toluene</td> <td style="text-align: center;">O</td> <td style="text-align: center;">B</td> <td style="text-align: center;">N/A</td> <td style="text-align: center;">N/A</td> <td style="text-align: center;">N/A</td> </tr> <tr> <td style="text-align: center;">Ethylbenzene</td> <td style="text-align: center;">O</td> <td style="text-align: center;">B</td> <td style="text-align: center;">N/A</td> <td style="text-align: center;">N/A</td> <td style="text-align: center;">N/A</td> </tr> <tr> <td style="text-align: center;">Xylenes</td> <td style="text-align: center;">O</td> <td style="text-align: center;">B</td> <td style="text-align: center;">N/A</td> <td style="text-align: center;">N/A</td> <td style="text-align: center;">N/A</td> </tr> <tr> <td style="height: 20px;"></td> <td></td> <td></td> <td></td> <td></td> <td></td> </tr> </tbody> </table>	Hazardous substance	Check affected media					Soil	Ground-water	Surface water	Sediment	Air	Ex: benzene	C	S	N/A	N/A	B	TPH	C	B	N/A	N/A	N/A	Benzene	O	B	N/A	N/A	N/A	Toluene	O	B	N/A	N/A	N/A	Ethylbenzene	O	B	N/A	N/A	N/A	Xylenes	O	B	N/A	N/A	N/A

¹¹ <https://ecology.wa.gov/Spills-Cleanup/Contamination-cleanup/Dirt-Alert-program>

¹² <https://ecology.wa.gov/Spills-Cleanup/Contamination-cleanup/Cleanup-sites/Toxic-cleanup-sites/Tacoma-smelter>

Part 2 – Site description

C = confirmed, greater than cleanup level O = confirmed, not present N/A = not suspected
 B = confirmed, less than cleanup level S = suspected U = unknown

2.G.1 Drinking water.

Does site contamination pose a threat or potential threat to an existing drinking water source (groundwater or surface water)? yes no unknown

If “**yes**”, what type of drinking water system is threatened by the contamination? Check **all that apply**.
 single family public

If “**public drinking water supply**” is selected, is the contamination located within or upstream of a 10-year wellhead protection area? yes no unknown

If “**yes**”, or help is needed, see the [Source Water Assessment Program \(SWAP\) Mapping Tool](#)¹³ or call the Department of Health at (800) 521-0323 for information.

2.G.2 Indoor air.

Are contaminant odors noted in any buildings, underground utilities conduits, or other confined spaces?
 yes no unknown

If “**yes**”, specify below. If you need to add more information, go to [2.G.2](#) in the additional information pages at the end of this form.

2.H Site maps.

Attach to this application maps that identify:

- site location
- affected properties and public rights-of-way
- source(s) of release(s)
- nature and extent of contamination
- impacted human or ecological receptors (e.g., through drinking water supplies)
- site physical characteristics (e.g., property lines, building and roadway outlines, surface water bodies, water supply wells, groundwater flow direction, and utility rights-of-way)
- adjacent properties and their uses (e.g., gas station, dry cleaner, residential).

¹³ <https://www.doh.wa.gov/CommunityandEnvironment/DrinkingWater/SourceWater/GISMappingTool>

Part 3 – Operational History

3.A Current use of source property. The following refers to only the source property and **not** other properties affected by the site contamination. Add information to the best of your ability.

3.A.1 Current property owners. Identify the current owner of the source property.

Name: _____ Title: _____

Organization: Washington State Department of Transportation

Mailing address: Please refer to Section 1.B above for mailing information

City: _____ State: _____ Zip: _____

Phone: _____

3.A.2 Current business owner (operator). Identify the current business owner operating on the source property.

Name: _____ Title: _____

Organization: Washington State Department of Transportation

Mailing address: Please refer to Section 1.B above for mailing information

City: _____ State: _____ Zip: _____

Phone: _____

3.A.3 Current business operations. Identify the current business operations on the source property.

What is the current land use of the source property? Check **all that apply**.

residential
 commercial
 industrial
 agricultural
 childcare facility
 school
 park
 other – specify: State Agency (WSDOT)

Does a commercial or industrial business currently operate on the source property?

yes no unknown

If “yes”, identify in the following table the current business operations using the North American Industry Classification System (NAICS) codes and specifying the operations.

NAICS Code	Operations Description
Ex: 447110	Gasoline stations with convenience stores
488490	WSDOT operations facilities

Is a solid waste handling facility located on the source property?

yes no unknown

If “yes”, identify below. If you need to add more information, go to [3.A.3](#) in the additional information at the end of this form.

Part 3 – Operational History

Is a dangerous waste treatment, storage, or disposal facility located on the source property?

yes no unknown

If “yes”, identify here: .

If you need to add more information, go to [3.A.3](#) in the additional information pages at the end of this form.

3.A.4 Regulation of current business operations.

Does the business operate under any federal, state, or local permits (e.g., NPDES) related to the release of hazardous substances into the environment? yes no unknown

If “yes”, specify below the regulated operation, the name of the permit, and the date it was issued.

Regulated operation	Permit	Date issued
Ex: wastewater discharge	NPDES permit	02/02/02
Stormwater discharge	NPDES	3/6/2019

Has a state or federal notice of enforcement action (e.g., notice of violation) ever been issued related to the release of hazardous substances at the business? yes no unknown

If “yes”, specify notice and year issued: _____

Have business operations resulted in any other spills or other unpermitted releases on the source property? yes no unknown If “yes”, list in the following table.

Release	Date of release	Status of release
Xylene release (CSID #16641)	2003	remediated - additional investigation in progress

3.A.5 Storage tank information. Identify all aboveground storage tanks (ASTs) and USTs that have been used to store hazardous substances on the source property, regardless of whether the tanks are still in service or in place. Enter “U” where unknown.

Identification				Status and Closure				Releases	
Hazardous substance	AST or UST	Size (gal.)	Tank ID	Date installed	In use (y/n)	Date closed	Closure method (*)	Past (y/n)	Current (y/n)
Ex: diesel	UST	10,000	4	02/87	N	5/98	removed	Y	N
Unleaded gasoline	UST	8,000	66E12015	1/1/1989	Y	NA	NA	N	N
Diesel	UST	8,000	66E12017	1/1/1989	Y	NA	NA	N	N
Unleaded gasoline	UST	8,000	66E12016	1/1/1989	Y	NA	NA	N	N
Used oil/waste oil	UST	U	66E04005	12/31/1964	N	U	Removed	U	U
U	UST	U	66E01001	12/31/1964	N	1989	Removed	Y	N
Leaded gasoline	UST	U	66E02001	12/31/1964	N	1989	Removed	Y	N
Unleaded gasoline	UST	U	66E02002	12/31/1964	N	1989	Removed	Y	N
Used oil	AST	500	U	U	Y	NA	NA	N	N

(*) Options = removed or closed in place.

Part 3 – Operational History

3.B Past use of source property. The following refers to only the source property, not other properties affected by the site.			
3.B.1 Past property owners. Identify the owner of the source property when the release occurred.			
Name:		Title:	
Organization: Washington State Department of Transportation			
Mailing address: Please refer to Section 1.B above for mailing information			
City:		State:	Zip:
Phone:	Fax:	Email:	
3.B.2 Past business owners (operators). Identify the site business owner (operator) when the release occurred.			
Name:		Title:	
Organization: Washington State Department of Transportation			
Mailing address: Please refer to Section 1.B above for mailing information			
City:		State:	Zip:
Phone:	Fax:	Email:	
3.B.3 Identification of past business operations. Identify the past operations of businesses on the source property using the NAICS codes and/or specifying the operations.			
NAICS Code		Operations description	
Ex: 447110		Gasoline stations with convenience stores	
488490		WSDOT operations facilities	
3.C Future use of source and affected properties. The following refers to both source and affected properties.			
Will any ownership interest in the source property or affected properties be conveyed before or upon cleanup completion? <input type="checkbox"/> yes <input checked="" type="checkbox"/> no <input type="checkbox"/> unknown			
If “yes”, specify below. If you need to add more information, go to 3.C in the additional information pages at the end of this form.			

Part 3 – Operational History

3.D Redevelopment plans as part of cleanup.
Will any of the source or affected properties, or portions of those properties, be redeveloped as part of the cleanup? <input type="checkbox"/> yes <input checked="" type="checkbox"/> no <input type="checkbox"/> unknown
If “ yes ”, specify below the proposed land use. Check all that apply .
<input type="checkbox"/> residential <input type="checkbox"/> school <input type="checkbox"/> commercial <input type="checkbox"/> industrial <input type="checkbox"/> childcare facility
<input type="checkbox"/> agricultural <input type="checkbox"/> park <input type="checkbox"/> other – specify:
Also, specify below the activities proposed for that land use. If you need to add more information, go to 3.D in the additional information pages at the end of this form.

Part 4 – Administrative history

Have you previously reported the release(s) of hazardous substances? <input checked="" type="checkbox"/> yes <input type="checkbox"/> no <input type="checkbox"/> unknown If “ yes ”, when? <input type="text" value="1993"/>
Has cleanup of the site, or any portion of the site, ever been managed under the Standard VCP or Expedited VCP ? <input type="checkbox"/> yes <input checked="" type="checkbox"/> no <input type="checkbox"/> unknown If “ yes ”, specify Standard VCP or Expedited VCP project number: _____
Has the site cleanup, or any portion, ever been managed under a federal or state order or decree? <input type="checkbox"/> yes <input checked="" type="checkbox"/> no <input type="checkbox"/> unknown If “ yes ”, specify type and docket number: _____

Part 5 – Independent remedial actions

5.A Scope of remedial actions.
Do you plan to characterize and investigate all site contamination, including contamination on affected adjacent properties, as part of your cleanup project? <input checked="" type="checkbox"/> yes <input type="checkbox"/> no <input type="checkbox"/> unknown
If “ no ”, describe below the scope of the cleanup project, including the contamination (properties, portions of a property, media and/or hazardous substances) that you do not plan on characterizing or investigation as part of the Standard VCP or Expedited VCP project. If you need to add more information, go to 5.A in the additional information pages at the end of this form.

Part 5 – Independent remedial actions

5.B Status of remedial actions.

What is the current status of remedial actions at the site? Check **all that apply** in table.

Remedial action	Planned	Ongoing	Completed	Not applicable
Initial response (UST only)			X	
Interim action				X
Remedial investigation	X			
Feasibility study				
Cleanup action				

5.C Documentation of remedial actions.

List all known remedial action plans or reports produced for the site, including:

- title
- preparer
- date produced
- whether submitted to us
- date submitted to us

If you need to add more information, go to [5.C](#) in the additional information pages at the end of this form.

	Title	Preparer	Date	Submitted to Ecology	
				yes/no	date
Ex:	Jane Doe site: Remedial Investigation Work Plan	Freedom Consulting	02/20/19	no	n/a
1	Work Plan, WSDOT Union Gap Facility Release Investigation, Union Gap, Washington	GeoEngineers, Inc		Yes	
2					
3					
4					
5					
6					
7					
8					
9					
10					

Part 6 – Statement and signature

6.A Statement and signature. The undersigned affirms that the information provided in this application is true and accurate to the best of the applicant's knowledge. Someone other than the applicant may sign this application form.			
Name: Matthew R. Cox		Title: Site Remediation & Waste Compliance Manager	
Signature: <i>Matthew R Cox</i>		Date: 12 June 2023	
Organization: Washington State Department of Transportation			
Mailing address: PO Box/Mailstop 47358 / 310 Maple Park Ave SE			
City: Olympia		State: WA	Zip: 98504
Phone: 3608193446		Email: coxmatt@wsdot.wa.gov	Fax:
6.B Affiliation.			
What is the signatory's involvement at the site? Check all that apply .			
<input checked="" type="checkbox"/> applicant <input type="checkbox"/> property owner <input type="checkbox"/> consultant <input type="checkbox"/> attorney <input type="checkbox"/> other - specify:			
Expedited VCP note: While anyone may sign the application form , only certain types of applicants are eligible to join Expedited VCP process and sign the Expedited VCP agreement . To sign the agreement, the applicant must have an ownership interest in or operate the facility or have a contractual right to purchase, redevelop, or reuse the facility. If the applicant is a corporation, a representative authorized to bind the corporation must sign the Expedited VCP agreement.

Use this form to determine which Washington state agency and program to apply for when seeking technical assistance for your independent cleanup of a contaminated site.

Both the Department of Ecology (Ecology) and the Pollution Liability Insurance Agency (PLIA),¹ which are **separate state agencies**, offer such assistance under the following programs.

Ecology

[Voluntary Cleanup Program](#) (VCP)²

PLIA

[Petroleum Technical Assistance Program](#) (PTAP)³

[Heating Oil Technical Assistance Program](#) (HOTAP)⁴

Eligibility verification (for Ecology use only)

- correct
 incorrect

Each program provides technical assistance for only certain types of sites. Ecology provides technical assistance under its VCP for sites that are not eligible for technical assistance under PLIA's PTAP or HOTAP. When applying to enroll in Ecology's VCP, you must submit this form with your application. Use of this form does not guarantee acceptance into the VCP. Ecology may decide to supervise remedial action at your site under an order or decree, based on site-specific conditions.

Part 1 – Applicant information

Applicant name: _____

Application submission date: _____

Part 2 – Identify release source

PLIA provides technical assistance for independent cleanups of sites only where there has been a release from a tank storing heating oil or another type of petroleum. PLIA provides technical assistance for those releases under HOTAP and PTAP, respectively. See Chapter [374-80](#) WAC.⁵

Check only one of the following boxes.

- The site involves a release from a heating oil storage tank. If you checked this box, skip to [Part 3](#).
- Heating oil includes petroleum products used for space heating in oil-fired furnaces, heaters, and boilers, and includes stove oil, diesel fuel, and kerosene.
 - Heating oil does not include petroleum products used as fuels in motor vehicles, marine vessels, trains, buses, aircraft, or off-highway equipment not used for space heating, industrial processing, or generating electrical energy.

¹ <https://plia.wa.gov>

² <https://ecology.wa.gov/VCP>

³ <https://plia.wa.gov/ptap/>

⁴ <https://plia.wa.gov/heating-oil-technical-assistance-program/>

⁵ <https://apps.leg.wa.gov/wac/default.aspx?cite=374-80>

- The site involves a release from a non-heating oil petroleum storage tank. If you checked this box, skip to [Part 4](#).
- Non-heating oil petroleum includes, but is not limited to, petroleum and petroleum-based substances made of a complex blend of hydrocarbons, such as motor fuels, jet fuels, distillate fuel oils, residual fuel oils, lubricants, petroleum solvents, and waste oils.
 - Non-heating oil petroleum does not include propane, asphalt, or any other petroleum product that is not liquid at standard conditions of temperature and pressure (60°F and 14.7 pounds per square inch absolute).
- The site does not involve a release from any kind of heating oil or petroleum storage tank. If you checked this box, skip to [Part 5](#), and check “[Ecology’s VCP](#)”.

Part 3 – Identify HOTAP eligibility

A heating oil tank release site may be eligible for technical assistance under PLIA’s HOTAP, unless the site meets one of the exclusionary factors in this Part 3.

Check each of the following boxes that applies to your site.

Site type factors

- The heating oil tank release is commingled with a non-petroleum release.

Agency management factors

- Ecology is currently conducting remedial action at the site.
- Ecology is currently supervising remedial action at the site, under an order or decree, or is currently negotiating an order or decree for the site.
- Ecology and PLIA jointly determine the site should be managed by Ecology. If you check this box, include supporting documentation.

If you checked any of the boxes in this Part 3, go to [Part 5](#) and check “[Ecology’s VCP](#)”. If you did not check any of the boxes, go to [Part 5](#) and check “[PLIA’s HOTAP](#)”.

Part 4 – Identify PTAP eligibility

Ecology and PLIA have jointly developed inclusionary and exclusionary factors for non-heating oil petroleum tank release sites. Such sites may be eligible for technical assistance under PLIA’s PTAP if:

- 1) the site meets any of the inclusionary factors in [Part 4A](#); and
- 2) the site either does not meet any of the exclusionary factors in [Part 4B](#), or Ecology and PLIA jointly override the exclusionary factors under [Part 4C](#).

4A Inclusionary factors

Check each of the following boxes that applies to your site.

Hazard ranking factors – Ecology ranks sites using the [Washington Ranking Method](#) (WARM).⁶

- The site is WARM-ranked a 3, 4, or 5.
- The site is WARM-ranked a 1 or 2, but does not impact surface water or sediment.

Site type factors

- The site does not impact surface water or sediment.

Funding factors

- The site is covered by PLIA insurance.
- The site is a recipient of a PLIA grant or loan.

If you checked any of the boxes in this Part 4A, go to [Part 4B](#). If you did not check any of the boxes in this Part 4A, skip to [Part 5](#) and check “[Ecology’s VCP](#)”.

4B Exclusionary factors

Check each of the following boxes that applies to your site.

Agency regulation factors – The release is within the bounds of or is impacting:

- an industrial facility regulated by Ecology’s [Solid Waste Program](#)⁷
- a dangerous waste facility regulated by Ecology’s [Hazardous Waste and Toxics Reduction Program](#)⁸
- a nuclear waste facility regulated by Ecology’s [Nuclear Waste Program](#).⁹

Agency management factors

- Ecology is currently conducting remedial action at the site.
- Ecology is currently supervising remedial action at the site under an order or decree, or is currently negotiating an order or decree for the site.
- The U.S. Environmental Protection Agency (EPA) is conducting remedial action at the site, under the federal cleanup law.
- EPA is supervising remedial action at the site, under an order or decree under the federal cleanup law, or is negotiating an order or decree for the site.
- The release otherwise occurred within or impacts a contaminated site managed by EPA, under the federal cleanup law.

⁶ <https://fortress.wa.gov/ecy/publications/SummaryPages/90014.html>

⁷ <https://ecology.wa.gov/Waste-Toxics/Solid-waste-litter/Solid-waste>

⁸ <https://ecology.wa.gov/Waste-Toxics/Reducing-recycling-waste/Waste-reduction-programs>

⁹ <https://ecology.wa.gov/Waste-Toxics/Nuclear-waste>

Other legal factors

- The site is subject to ongoing litigation or court supervision.
- Liability for remedial action at the site is in dispute.

Funding factors

- Site remediation is funded by Ecology as the sole or lead funding agency.
- You are a local government planning to apply for an Ecology [Independent Remedial Action Grant](#).¹⁰ These grants are subject to cultural resource consultation requirements.

Site type factors

- The site impacts surface water or sediment.
- The petroleum storage tank release is commingled with a non-petroleum release that is not related to the petroleum release or facility operations.

If you checked any of the boxes in this Part 4B, go to [Part 4C](#). If you did not check any of the boxes in this Part 4B, go to [Part 5](#) and check “[PLIA’s PTAP](#)”.

4C Joint agency determination

Check the following box, and include supporting documentation, if Ecology and PLIA have jointly determined to override the exclusionary factors in [Part 4B](#), based on the results of a site characterization conducted under Chapter [173-340](#) WAC.¹¹

- If you check this box, go to [Part 5](#), and check “[PLIA’s PTAP](#)”. If you do not check this box, go to [Part 5](#), and check “[Ecology’s VCP](#)”.

Part 5 – Select appropriate technical assistance program

Based on your responses in Parts 2 through 4, select the technical assistance program your site is eligible to apply for by checking the applicable box (check only one):

- Ecology’s [VCP](#)¹²
- PLIA’s [HOTAP](#)¹³
- PLIA’s [PTAP](#)¹⁴

Accommodation Requests

If you need this publication in an alternative format, please call the Toxics Cleanup Program at (360) 407-7170 or visit the [Toxics Cleanup Program webpage](#).¹⁵ People with hearing impairment can call 711 for Washington Relay Service. People with a speech disability can call (877) 833-6341.
