

WAC 197-11-970 Determination of nonsignificance (DNS).

DETERMINATION OF NONSIGNIFICANCE

Description of proposal: Ecology is proposing the issuance and implementation of the Cleanup Action Plan for the Lilyblad Site. The Site includes areas of the Lilyblad property as well as the Port of Tacoma Road and the PW Eagle, Saul, and Nelson properties. The estimated total area of contamination is about 2.6 acres. The Cleanup Action Plan selects in-situ bio and chemical treatment of soil and groundwater. Dual vapor extraction wells will be installed throughout the contaminated areas. Vapor and groundwater extracted from the wells will be treated prior to discharge. Nutrients will be added to the soil to enhance biodegradation and oxidants will be added to break down contaminants compounds.

Proponent: Lilyblad Petroleum, Inc.

Location of proposal, including street address, if any:

Pacific Functional Fluids (formerly Lilyblad Petroleum, Inc.)
2244 Port of Tacoma Road
Tacoma, WA 98421

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030 (2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

- There is no comment period for this DNS.
- This DNS is issued after using the optional DNS process in WAC 197-11-355. There is no further comment period on the DNS.
- This DNS is issued under WAC 197-11-340(2); the lead agency will not act on this proposal for 14 days from the date below. Comments must be submitted from July 2, 2007 through July 15, 2007.
