Ecology has conducted an Initial Investigation of the above-referenced property, including review of the following information:

- King County. Final Remedial Investigation Report, Terminal 115 Plant 1 Parcel A: West Duwamish CSO Control Project. August 18, 2023.

Effective August 31, 2023, Ecology has determined that no action is necessary (at the Initial Investigation stage). The above document shows there has been no release posing a threat to human health or the environment, and Ecology does not consider this property to be a hazardous site. No cleanup of Parcel A is required, and it is not part of the T115 cleanup site.

Available electronic documents and additional information about Ecology's review and determination may be accessed on Ecology's Terminal 115 Plant 1 webpage (<https://apps.ecology.wa.gov/cleanupsearch/site/11307>).
