DEAR MR CARLSON:

Our records indicate that you applied for the Voluntary Cleanup Program (VCP) on 02/20/00. The Department of Ecology (Ecology) appreciates your initiative in pursuing this administrative option for cleaning up hazardous waste sites under the Model Toxics Control Act (MTCA), Chapter 70.105D RCW.

The following details site activity since the date of application:

- Ecology's Opinion Letter in 2000

The VCP is staffed to provide assistance to applicants who are actively pursuing site cleanup. Our records indicate that we have not received information regarding your progress on this site's clean up in the past twelve months. If you are still actively cleaning this site you have 30 days to provide a work summary, report, or other documentation that demonstrates you have taken cleanup actions during this past 12 months.

If no cleanup activities have occurred during the past year, or we do not hear from you by (Dec 15, 2006), this site will be removed from the VCP due to inactivity. The status of this site will be updated in Ecology's database of contaminated sites.
