RE: Notification of Pending Inactive Determination Status for the following Hazardous Waste Site enrolled in the Voluntary Cleanup Program:

- Site Name: Belshaw Brothers, Inc.
- Site Address: 1750 22nd Avenue South, Seattle, WA
- Facility/Site No.: 97763114
- VCP No.: NW1254

Dear Mr. Raubvogel:

The Department of Ecology's records show that you applied for the Voluntary Cleanup Program (VCP) on May 11, 2004. We appreciate your initiative in pursuing this administrative option for cleaning up hazardous waste sites under the Model Toxics Control Act (MTCA), Chapter 70.105D RCW.

The VCP is staffed to provide assistance to applicants who are actively pursuing site cleanup. Our records show that in the past 12 months, we have not received information regarding your progress on this site's cleanup. If you are still actively cleaning this site, you have 30 days to provide a work summary, report, or other documentation that demonstrates you have taken cleanup actions during this past 12 months.

If no cleanup activities have occurred during the past year or we do not hear from you by **August 18, 2008**, this site will be removed from the VCP due to inactivity. The status of this site will be updated in our database of contaminated sites.

Due to significant interest in the VCP, we are not able to keep inactive sites in the program. If this site is deemed inactive, we encourage you to reapply to the VCP when you are ready to actively continue site cleanup. We appreciate your commitment to site cleanup. If you have any questions you may reach me at (360) 407-7244.

Sincerely,

Nnamdi Madakor, VCP Coordinator
