**Re: Notification of Pending Inactive Determination Status for the following Hazardous Waste Site enrolled in the Voluntary Cleanup Program:**

- Site Name: Alaska St. Texaco
- Site Address: 3901 Alaska St., Seattle 98116
- Facility/Site No.: 39196282
- VCP No.: NW1209

Dear Mr. Chun:

This is a follow-up to the Notification of Pending Inactive Determination letter (Notification letter) we sent to you on March 31, 2006. The Notification letter requested a site status update from you within 30 days of the date of the letter. Because we did not receive the update by May 1, 2006, we are removing your site from the Voluntary Cleanup Program (VCP).

The status of this site has been updated in Department of Ecology's database of contaminated sites. Once you are ready to pursue cleanup activities, you are welcome to reapply to the VCP. If you have any questions you may reach me at 425-649-7070.

Sincerely

Mark H. Edens

Re: Change of Inactive Determination Status, VCP No.: NW1209

Dear Mr. Edens:

In my conversation with you following the changes in the VCP process, you had mentioned to me that I should contact you to reactivate my site on the Voluntary Cleanup Program.

I would like your help in getting my site through the Voluntary Cleanup Program.

Thank you.

Sincerely,  
SKS Petroleum
